### **City Engineering: Do I need a permit to close a street or sidewalk?**

---

#### “Right of Way” Permit

A Right of Way permit is required for any event that will use a portion of a street, ally or sidewalk. This includes the closing of an entire street or designation of curb lanes for special parking/no parking.

The City Engineering Department will review the request and recommend adjustments to the street plan. Clean up and/or other conditions will be communicated to you after your application has been reviewed at the Special Events Management meeting.

#### “Right of Way” Permit Costs

Right of Way Permits for Special Events cost may vary. Upon receipt of your Special Events Application, the City Engineering Department will consider the emergency vehicle access, parking and traffic congestion when approving your application.

### **Traffic Engineering: Who will close the street?**

---

The applicant is responsible for closing the street with proper barricades and clear, concise signage for traffic detours. The City of Detroit requires a “Type 3” barricade for all closures. As part of your application, you will be asked to submit the name of the traffic control company you are hiring for managing closures/detours, along with the detail plan of where the barricades and signage will be placed.

#### Michigan State Highway Closures

Some city streets are also state highways and require a closure permit from the Michigan Department of Transportation. Closing any interstate on/off ramps also requires a permit from the Michigan Department of Transportation. After reviewing your application, the Office of Special Events will alert you if a MDOT permit is required and provide you with further information on how to apply for the permit. You will be responsible for hiring a traffic control company to manage the closure.

## **Business Licensing: Do I need a permit to sell merchandise?**

---

### Selling/Serving Food and/or Alcohol

For the sale of/or consumption of liquor, wine or spirits at an event a Liquor License must be obtained from the State of Michigan through the Detroit Police Department. The licensing process can take up to one month. The State of Michigan must receive your request two weeks prior to the date of the event.

Applicants must apply for a food vendor's permit and temporary Liquor License permit.

- All food vendors must be licensed and inspected by the City of Detroit.
- It is MANDATORY for you to submit a copy of the temporary Liquor License from the State of Michigan to the Business Licensing Department to also receive a Temporary Liquor License permit from the City of Detroit.

## **Public Safety Detroit Police Department, Emergency Medical and Fire**

### Security Plan

The goal of a successful contingency plan is not only to protect life and property by identifying the risks associated with an event, but to also develop a plan of action to minimize those risks and address the safety requirements of the participants and spectators. Event organizers should take into consideration the scope of the event, the potential risk of injury or illness to participants and spectators, security needs, and emergency support required to help promote a safe and enjoyable event. Should a natural or man-made disaster occur, the event organizer(s) is legally and morally obligated to ensure that the necessary and appropriate actions will be taken to minimize harm. The Detroit Police Department stands ready to work with you to ensure that the necessary resources and personnel are available to help make your event successful. The Detroit Police Department and Detroit Emergency Medical Service Department will provide the requirements based on the uniqueness of your event.

### Notification to Surrounding Area

To ensure the safety of the event participants and the community, it is the responsibility of the event organizers to arrange notification to businesses and residents in the area immediately surrounding the event site. This communication should include details about the event such as dates and times they will likely be impacted by the flow of traffic and people, etc.

### Trash Collection for Events

Clean-up following the event is the responsibility of the applicant. You will be asked to provide the name of the sanitation company as well as a contract of services provided by said company to ensure the event site will be returned back to its original state.
