SUBJECT: DWSD AND GLWA WATER CAPITAL PROJECTS IN DISTRICT 4

Greetings,

My office would like a response to the follow up questions relative to the water projects ongoing within District 4:

1. Has the mesh been removed from the street catch basins where the water main work has been completed?
2. What does the future GLWA project in East Canfield Village entail?
3. What is the timeline for the future water project in the Moross-Morang/Whittier area?
4. Has the Jefferson-Chalmers BRIC grant been awarded? If so, how is the funding being used?
5. What's the resiliency plan for the Jefferson-Chalmers neighborhood?
