Re: **The Brownfield Redevelopment Plan for North End Landing**

Dear Honorable Council Members:

The enclosed Brownfield Plan for the North End Landing Redevelopment Project (the “Plan”) (Exhibit A) was submitted by the Detroit Brownfield Redevelopment Authority Board (the “DBRA”) and to the Community Advisory Committee (the “CAC”). The Plan was considered and reviewed by the CAC at its March 22, 2023 meeting and a public hearing was held by the DBRA on April 10, 2023 to solicit public comments. The Committee’s communication to the City Council and the DBRA, dated April 12, 2023 (Exhibit B), recommending approval of the Plan, including the excerpt of the minutes of the CAC meetings pertaining to the plan and the minutes the public hearing held by the DBRA, are enclosed for the City Council’s consideration.

On April 26, 2023, the DBRA adopted a resolution (Exhibit C) approving the Plan and authorizing the submission of a copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Avanath North End Parcel Owner I, LLC is the project developer (“Developer”). The project is a residential development across eleven (11) buildings expected to create a total of approximately one hundred seventy-seven (177) new rental apartments and flats as well as eight (8) for-sale townhomes. Two larger buildings will be traditional 3-4 story apartment buildings dedicated to senior living. The remaining buildings will be attached, stacked flats (2-story) containing 6-14 units. It is currently anticipated that construction will begin in early 2024 and that eligible activities will be completed within thirty-six (36) months thereafter. Each building is anticipated to be constructed over a 9–12-month period with construction beginning on 4 buildings in 2024, 3 buildings in 2025, and 4 buildings in 2026.

The total investment is estimated to be \$43.4 million. The Developer is requesting \$7,646,475.00 in TIF reimbursement.

There will be approximately 200 temporary construction jobs and approximately 4 permanent jobs are expected to be created by the project.

Property Subject to the Plan

The eligible property (the "Property") consists of twenty-five (25) parcels, which are bounded by Caniff Street to the north, I-75 to the east, E. Grand Boulevard to the south and Woodward Avenue to the west in North End neighborhood.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) it was previously utilized for a commercial purpose; (b) is located within the City of Detroit, a qualified local governmental unit; and (c) the Property is "Facilities" as defined by Act 381; or (d) adjacent and contiguous to a parcel that is a "Facility" as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include baseline environmental assessment activities, department specific activities, due care activities, site preparation, infrastructure improvements, interest, and the development, preparation and implementation of a brownfield plan and Act 381 Work Plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. The eligible activities are estimated to commence within 18 months of approval of the Plan and be completed within 3 years.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

COSTS TO BE REIMBURSED WITH TIF

1. Environmental Assessment Activities	\$107,455.00
2. Due Care Activities	\$2,485,381.00
3. Demolition	\$367,552.00
4. Asbestos Assessment and Abatement	\$20,000.00
5. Site Preparation	\$181,497.00
6. Infrastructure Improvements	\$1,933,049.00
7. Stormwater Management	\$229,150.00
8. Brownfield Plan & Work Plan	\$60,000.00
9. Contingency (15%)	\$782,494.00
10. Interest	\$1,479,897.00
Total Reimbursement to Developer	\$7,646,475.00
11. Authority Administrative Costs	\$1,580,759.00
12. State Brownfield Redevelopment Fund	\$871,350.00
13. Local Brownfield Revolving Fund	\$3,718,155.00
TOTAL Estimated Costs	\$13,816,739.00

The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Incentives

The Developer is seeking additional incentives, which includes local and/or state approval of a Neighborhood Enterprise Zone (PA 147) and a Commercial Rehabilitation Act (PA 210) Tax Abatements.

DBRA's Request

The DBRA is respectfully requesting the following actions from the City Council:

- a.) May 2, 2023
City Council adoption of the Resolution (Exhibit D), setting the North End Landing Brownfield Redevelopment Plan public hearing, as approved by the Planning and Economic Development Standing Committee Chair and the City of Detroit Clerk, for June 22, 2023 at a requested time of 10:35 AM.
- b.) June 22, 2023, requested time of 10:25 AM

I. INTRODUCTION

In order to promote the revitalization of environmentally distressed and blighted areas within the boundaries of the City of Detroit, Michigan (the “City”), the City has established the City of Detroit Brownfield Redevelopment Authority (the “DBRA”) pursuant to Michigan Public Act 381 of 1996, as amended (“Act 381”).

The primary purpose of this Brownfield Plan (“Plan”) is to promote the redevelopment of and private investment in certain “brownfield” properties within the City. Inclusion of property within this Plan will facilitate financing of environmental response and other eligible activities at eligible properties, and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as “brownfields.” By facilitating redevelopment of brownfield properties, this Plan is intended to promote economic growth for the benefit of the residents of the City and all taxing units located within and benefited by the DBRA.

This Plan is intended to apply to the eligible property identified in this Plan and, if tax increment revenues are proposed to be captured from that eligible property, to identify and authorize the eligible activities to be funded by such tax increment revenues.

This Plan is intended to be a living document, which may be modified or amended in accordance with the requirements of Act 381, as necessary to achieve the purposes of Act 381. A subsequent change to the identification or designation of developer after the approval of this Plan by the governing body (as defined in Act 381) shall not necessitate an amendment to this Plan, affect the application of this Plan to the eligible property or impair the rights available to the DBRA under this Plan. The applicable sections of Act 381 are noted throughout the Plan for reference purposes.

This Plan describes the Project to be completed (see Attachment C) and contains all of the information required by Section 13(2) of Act 381.

II. GENERAL PROVISIONS

A. Description of the Eligible Property (Section 13 (2)(h)) and the Project

The property consists of twenty-five (25) tax parcels of land, all of which are currently privately owned, together containing approximately 4.697 acres of land. Two of the twenty-five tax parcels contain multiple lots recently submitted to the City assessor for combination. The property and all tangible personal property located thereon will comprise the eligible property and is collectively referred to herein as the “Property.”

Attachment A includes a site map of the Property. The Property is located in the North End neighborhood, east of Woodward, west of I-75, north of E Grand Boulevard and generally south of Caniff.

Parcel information is outlined below. Attachment I includes table of parcels as formerly known.

---	--	---	--

The primary developer is Avanath North End Parcel Owner I, LLC, except as to the townhomes developed by Civic Tekton North End LLC and a parcel recently submitted to the City assessor for combination developed by Avanath North End Multifamily, LLC (referred to collectively as "Developer"). The project is a residential development across eleven (11) buildings expected to create a total of approximately one hundred seventy-seven (177) new rental apartments and flats as well as eight (8) for-sale townhomes. Two larger buildings will be traditional three-to-four story apartment buildings dedicated to senior living. The remaining buildings will be attached, stacked flats containing six-to-fourteen units, i.e. units will either be ground level or on a second floor accessed by a stairway. It is currently anticipated that construction will begin in early 2024 and that eligible activities will be completed within thirty-six (36) months thereafter. Each building is anticipated to be constructed over a 9-12 month period with construction beginning on 4 buildings in 2024 (buildings 1, 3a, 3b, and 4), 3 buildings in 2025 (buildings 2a, 5, and T), and 4 buildings in 2026 (buildings 2b, 6, 7a, and 7b).

The project description provided herein is a summary of the proposed development at the Property at the time of the adoption of the Plan. The actual development may vary from the project description provided herein (including, without limitation, the references to square footage and number of units), without necessitating an amendment to this Plan, so long as such variations are not material and/or arise as a result of changes in market and/or financing conditions affecting the project and/or are related to the addition or immaterial removal of amenities to the project. Any material changes, as determined by DBRA in its sole discretion, to the project description are subject to the approval of the DBRA staff and shall be consistent with the overall nature of the proposed development, its proposed public purpose, and the purposes of Act 381.

Attachment C provides a detailed description of the project to be completed at the Property (the "Project") and Attachment D includes letters of support for the Project.

B. Basis of Eligibility (Section 13 (2)(h) and Section 2 (p))

The Property is considered “eligible property” as defined by Act 381, Section 2, because (a) it was previously utilized for a residential, commercial purpose and/or public purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) is determined to be a facility, as defined in Act 381, or adjacent and contiguous to parcels that are a facility, the development of which is estimated to increase the taxable value of the adjacent and contiguous parcels.

The following tax parcels are known to be a facility: 01002184-209; 01002210-8; 1002219; 1002220; 1002221; 1002222; 01002225.001; 01002226; 01002228; 01002230; 01002175; 01002174; 01002172; 01002171; 01002170; 01002145; 01002146; 01002147; 01002231; 01002232; 01002246; 01002245; 3001901; 3001902; 3001903; 3001904; 3001905.001; 03001905.002L; 3001906; 3001907; and 3001900. These parcel numbers may be adjusted with the recent parcel combinations.

The following tax parcels are adjacent and contiguous to parcels that are a facility: 01002225.002L; 01002227; 01002229; 01002173; 01002148; and 01002233.

For the parcels that are part of a facility, hazardous substances including arsenic and lead are present in soil or groundwater above Part 201 unrestricted residential criteria.

C. Summary of Eligible Activities and Description of Costs (Section 13 (2)(a),(b))

The “eligible activities” that are intended to be carried out at the Property pursuant to this Plan are considered “eligible activities” as defined by Section 2 of Act 381 because they include baseline environmental assessment activities, department specific activities, due care activities, site preparation, infrastructure improvements, development, preparation and implementation of a brownfield plan and work plan, and interest.

A summary of the eligible activities and the estimated cost of each eligible activity intended to be reimbursed with tax increment revenues generated and captured from the Property are shown in the table attached hereto as Attachment E. The eligible activities include response activities to properly manage contaminated soils on the Property; geotechnical evaluations; site and other demolition, asbestos assessment and abatement, removal and replacement of fill material; soil erosion management; storm water management features; relocation and/or installation of public franchise utilities including water and sewer and other improvements in rights of way of adjacent streets and public alleys. The eligible activities described in Attachment E are not exhaustive. Subject to the approval of DBRA staff in writing, additional eligible activities may be carried out at the Property, without requiring an amendment to this Plan, so long as such eligible activities are permitted by Act 381 and the costs of such eligible activities do not exceed the total costs stated in Attachment E.

Unless otherwise agreed to in writing by the DBRA, all eligible activities shall commence within thirty (30) months after the date the governing body approves this Plan and be completed within four (4) years after execution of the Reimbursement Agreement (as that term is defined below). Construction of various buildings is expected to commence in 2024, 2025 and 2026, with building construction and all eligible activities to be completed by

2027. Any long-term monitoring or operation and maintenance activities or obligations that may be required will be performed in compliance with the terms of this Plan and any documents prepared pursuant to this Plan.

The Developer desires to be reimbursed for the costs of eligible activities as described below. Eligible activities began in 2021¹ with environmental response activities including Phase I, Phase II and baseline environmental assessment activities. Some eligible activities may commence prior to the adoption of this Plan and, to the extent permitted by Act 381, the costs of such eligible activities shall be reimbursable pursuant to the Reimbursement Agreement. To the extent permitted by Act 381, tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property pursuant to the terms of a Reimbursement Agreement to be executed by the DBRA and the Developer after approval of this Plan (the “Reimbursement Agreement”), to the extent permitted by Act 381. In the event this Plan contemplates the capture of tax increment revenue derived from “taxes levied for school operating purposes” (as defined by Section 2(vv) of Act 381 and hereinafter referred to as “School Taxes”), the Developer acknowledges and agrees that DBRA’s obligation to reimburse the Developer for the cost of eligible activities with tax increment revenue derived from Local Taxes, or Specific Taxes that are considered Local Taxes, (as these capitalized terms are defined by Act 381) is contingent upon: (i) the Developer receiving at least the initial applicable work plan approvals by the Michigan Strategic Fund (MSF) and the Michigan Department of Environment, Great Lakes, and Energy (EGLE), as may be required pursuant to Act 381, within 270 days after this Plan is approved by the governing body; or (ii) the Developer providing the DBRA with evidence, satisfactory to DBRA, that the Developer has the financial means to complete the Project without the capture of, and subsequent reimbursement with, the contemplated School Taxes.

The costs listed in Attachment E are estimated costs and may increase or decrease depending on the nature and extent of any environmental contamination and other unknown conditions encountered on the Property. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues generated from the Property and captured by the DBRA shall be governed by the terms of the Reimbursement Agreement. No costs of eligible activities will be qualified for reimbursement except to the extent permitted in accordance with the terms and conditions of the Reimbursement Agreement and Act 381. The Reimbursement Agreement and this Plan will dictate the total cost of eligible activities subject to payment or reimbursement, provided that the total cost of eligible activities subject to payment or reimbursement under the Reimbursement Agreement shall not exceed the estimated costs set forth in Attachment E. As long as the total aggregate costs are not exceeded, line item costs of eligible activities may be adjusted after the date this Plan is approved by the governing body, to the extent the adjustments do not violate the terms of the approved EGLE or MSF work plan.

¹ Approximately \$63,380 was incurred prior to March 1, 2022.

D. Estimate of Captured Taxable Value and Tax Increment Revenues (Section 13(2)(c)); Beginning Date of Capture of Tax Increment Revenues (Section 13(2)(f)); Impact of Tax Increment Financing on Taxing Jurisdictions (Section 13(2)(g))

This Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. Subject to Section 13(b)(16) of Act 381, a table of estimated tax increment revenues to be captured pursuant to this Plan is attached to this Plan as Attachment F. The figures included in Attachment F are estimates and are subject to change depending on actual assessed values and changes to annual millage rates.

Tax increments are projected to be captured and applied to (i) the reimbursement of eligible activity costs and payment of DBRA administrative and operating expenses, (ii) make deposits into the State Brownfield Redevelopment Fund, and (iii) make deposits into the DBRA’s Local Brownfield Revolving Fund, as follows:

	Reimbursement of Costs and Interest (if applicable)	DBRA Admin. Costs	State Redev. Fund	Local Brownfield Revolving Fund	Total	Administrative Adjustment*	Adjusted Total

In addition, the following taxes are projected to be generated but shall not be captured during the life of this Plan:

City Debt	\$ 198,853
School Debt	\$ 287,231
DIA Tax	\$ 4,388
Zoo Tax	\$ 2,192
Total Debt Millages	\$ 492,664

In no event shall the duration of this Plan exceed thirty-five (35) years following the date of the governing body’s resolution approving this Plan, nor shall the duration of the tax capture exceed the lesser of the period authorized under subsection (5) of Section 13 of Act 381 or 30 years. Further, in no event shall the beginning date of the capture of tax increment revenues be later than five (5) years after the date of the governing body’s resolution approving this Plan or such other date authorized by Act 381. The beginning date of the capture of tax increment revenues is anticipated to be the 2023 tax year (commencing with the Summer 2023 property taxes) with the base tax year being 2022.

E. Plan of Financing (Section 13(2)(d)); Maximum Amount of Indebtedness (Section 13(2)(e))

The eligible activities are to be financed solely by the Developer. The DBRA will reimburse the Developer for the cost of approved eligible activities, but only from tax increment revenues generated and captured from the Property. No advances have been or shall be made by the City or the DBRA for the costs of eligible activities under this Plan.

All reimbursements authorized under this Plan shall be governed by the Reimbursement Agreement. The inclusion of eligible activities and estimates of costs to be reimbursed in this Plan are intended to authorize the DBRA to fund such reimbursements and does not obligate the DBRA or the City to fund any reimbursement or to enter into the Reimbursement Agreement providing for the reimbursement of any costs for which tax increment revenues may be captured under this Plan, or which are permitted to be reimbursed under this Plan. The amount and source of any tax increment revenues that will be used for purposes authorized by this Plan, and the terms and conditions for such use and upon any reimbursement of the expenses permitted by this Plan, will be provided solely under the Reimbursement Agreement contemplated by this Plan.

If agreed upon by the Developer and the DBRA, and so long as the applicable agency/department of the State of Michigan approves an Act 381 work plan including this Plan, the DBRA may incur note or bonded indebtedness to finance the purposes of this Plan; provided that any such note or bonded indebtedness contemplated by this section shall be (i) subject to approval by the DBRA Board of Directors and other approvals required in accordance and compliance with Act 381 and applicable law; (ii) non-recourse to the DBRA; and (iii) in an amount not to exceed the maximum amount of tax increment revenues authorized for capture under this Plan and any subsequent Act 381 work plan approvals.

Interest shall be paid under this Plan as provided in the Reimbursement Agreement, provided that to the extent that the MSF or EGLE does not approve the payment of interest on an eligible activity with School Taxes, interest shall not accrue or be paid under this Plan from School Taxes with respect to the cost of such eligible activity. Unless otherwise agreed upon by the Developer, the DBRA, and the applicable agency/department of the State of Michigan, the DBRA may approve interest on the local portion of the reimbursement to the extent that the projected internal rate of return to the Developer does not exceed twenty percent (20%), as more specifically stated in the Reimbursement Agreement.

Reimbursements under the Reimbursement Agreement shall not exceed the estimated total cost of eligible activities permitted under this Plan. For the avoidance of doubt, if the approved interest rate for interest on eligible activities described in this Plan (i.e. 5%) would result in actual reimbursement to the Developer that would exceed the estimated total costs for reimbursement described in Attachment E (the “Maximum Reimbursement”); notwithstanding the approved interest rate for eligible activities in this

Plan, the actual reimbursement to Developer for all eligible activities (including interest) shall under no circumstances exceed the Maximum Reimbursement.

The Developer anticipates approval of a tax abatement under the Neighborhood Enterprise Zone Act, P.A. 147 of 1992, (“NEZ”) as amended, for up to fifteen (15) years. If the NEZ is approved, this tax abatement will reduce the property tax obligations of the Property for the period applicable under the approved abatement certificate, thereby reducing the amount of tax increment revenues available under this Plan. Assumption of this reduction is included in the tax capture projections provided with this Plan.

The Developer further anticipates approval of one or more tax abatements under the Commercial Rehabilitation Act, P.A. 210 of 2005 (“PA 210”), as amended, for up to ten (10) years after completion of construction. If the PA 210 abatements are approved, this tax abatement will reduce the property tax obligations of the Property for the period applicable under the approved abatement certificates, thereby reducing the amount of tax increment revenues available under this Plan. Assumption of this reduction is included in the tax capture projections provided with this Plan.

Notwithstanding the tax capture projections described in Attachment F, the DBRA shall be permitted to capture tax increment revenue derived from Local Taxes, or Specific Taxes that are considered Local Taxes, during the abatement periods.

Reimbursements under the Reimbursement Agreement shall not exceed the cost of eligible activities permitted under this Plan. Furthermore, the Developer acknowledges and agrees that any eligible activities funded by a grant or loan that is forgiven, or for which the Developer receives a credit for, shall be ineligible for reimbursement under this Plan and shall not be included in any reimbursement requests to DBRA by or on behalf of the Developer. However, any loans that the Developer is required to unconditionally repay shall be eligible for reimbursement under the Plan, subject to the Reimbursement Agreement.

F. Duration of Plan (Section 13(2)(f))

Subject to Section 13b(16) of Act 381, the beginning date and duration of capture of tax increment revenues for the Property shall occur in accordance with the tax increment financing (TIF) table described in Attachment F. In no event, however, shall this Plan extend beyond the maximum term allowed by Section 13(b)(16) of Act 381 for the duration of this Plan.

Furthermore, this Plan, or any subsequent amendment thereto, may be abolished or terminated in accordance with Section 14(8) of Act 381 in the event of any of the following:

a. The governing body may abolish this Plan (or any subsequent amendment thereto) when it finds that the purposes for which this Plan was established have been accomplished.

b. The governing body may terminate this Plan (or any subsequent amendment thereto), in whole or in part, if the project for which eligible activities were identified in this Plan (or any subsequent amendment thereto) fails to occur with respect to the eligible property for at least five (5) years following the date of the governing body's resolution approving this Plan (or any subsequent amendment thereto), provided that the governing body first does both of the following: (i) gives 30 days' written notice to the Developer at its last known address by certified mail or other method that documents proof of delivery attempted; and (ii) provides the Developer with an opportunity to be heard at a public meeting.

Notwithstanding anything in this subsection to the contrary, this Plan (or any subsequent amendment thereto) shall not be abolished or terminated until the principal and interest on bonds, if any, issued under Section 17 of Act 381 and all other obligations to which the tax increment revenues are pledged have been paid or funds sufficient to make the payment have been identified or segregated.

G. Effective Date of Inclusion in Brownfield Plan

The Property will become a part of this Plan on the date this Plan is approved by the governing body (i.e., the Detroit City Council).

H. Displacement/Relocation of Individuals on Eligible Property (Section 13(2)(i-l))

There are no persons or businesses residing on the Property and no occupied residences or businesses will be acquired or cleared, therefore there will be no displacement or relocation of persons or businesses under this Plan.

I. Local Brownfield Revolving Fund ("LBRF") (Section 8; Section 13(2)(m))

The DBRA has established a Local Brownfield Revolving Fund (LBRF). The LBRF will consist of all tax increment revenues authorized to be captured and deposited in the LBRF, as specified in Section 13(5) of Act 381, under this Plan and any other plan of the DBRA. It may also include funds appropriated or otherwise made available from public or private sources.

The amount of tax increment revenue authorized for capture and deposit in the LBRF is estimated at \$3,718,155. All funds, if any, deposited in the LBRF shall be used in accordance with Section 8 of Act 381.

J. Brownfield Redevelopment Fund (Section 8a; Section 13(2)(m))

The DBRA shall pay to the Department of Treasury at least once annually an amount equal to 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, that are captured under this Plan for up to the first twenty-five (25) years of the duration of capture of tax increment revenues for each eligible property included in this Plan. If the DBRA pays an amount equal to 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on a parcel of eligible property to the Department of Treasury under Section 13b(14) of Act 381, the percentage of local taxes levied on that parcel and used to reimburse eligible activities for the Project under this Plan shall not exceed the percentage of local taxes levied on that parcel that would have been used to reimburse eligible activities for the Project under this Plan if 50% of the taxes levied

under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on that parcel were not paid to the Department of Treasury under Section 13b(14) of Act 381.

K. Developer's Obligations, Representations and Warrants (Section 13(2)(m))

The Developer shall comply with all applicable laws, ordinances, executive orders, or other regulations imposed by the City or any other properly constituted governmental authority with respect to the Property and shall use the Property in accordance with this Plan.

The Developer, at its sole cost and expense, shall be solely responsible for and shall fully comply with all applicable federal, state, and local relocation requirements in implementing this Plan.

The Developer represents and warrants that a Phase I Environmental Site Assessment ("ESA"), and if appropriate, a Phase II ESA, baseline environmental assessment, and due care plan, pursuant to Part 201 of Michigan's Natural Resources and Environmental Protection Act (MCL 324.20101 *et seq.*), have been performed or will be performed on the Property ("Environmental Documents"). Attached hereto as Attachment G is the City of Detroit's Department of Buildings, Safety Engineering and Environmental acknowledgement of its receipt of the baseline environmental assessment, which includes the Phase I ESA, and if appropriate, the Phase II ESA.

The Developer further represents and warrants that the Project does not and will not include a City of Detroit Land Bank Authority, Wayne County Land Bank Authority or State of Michigan Land Bank financing component.

Except as otherwise agreed to by the DBRA, any breach of a representation or warranty contained in this Plan shall render the Plan invalid, subject to the Developer's reasonable opportunity to cure as described in the Reimbursement Agreement.

Project Description (Including Development Team Information)

Development Team

Avanath Development, RMC Development and Vanguard Community Development have joined forces for the sole purpose of redeveloping a blighted neighborhood in Detroit's North End. Avanath/RMC/Vanguard and its team of consultants represent a combination of development, financial, design, marketing, and managerial talent to ensure the successful development of this project.

The team brings nationwide expertise to the project while retaining a local sensitivity that will transform North End Landing into one of the City's most innovative and unique developments. Several of the key team members have direct and various experiences with the neighborhood which ensures added appreciation and sensitivity for what will be required for it to be redeveloped successfully.

The Avanath/Vanguard team's development approach is centered around key participants with extensive personal experience in the North End neighborhoods and the City of Detroit. Specifically, our team offers:

Avanath Development serves as the managing venturer for the Avanath/RMC/Vanguard team. Avanath Development is an affiliate of Avanath Capital Management ("Avanath"), a real estate investment company with over \$3.0 billion (AUM) assets under management. Avanath owns and operates 14,000 affordable and workforce housing units in 14 states and 54 cities. Daryl J. Carter, a Detroit native and investment executive with a 40-year track record in building and managing successful commercial real estate enterprises, founded Avanath in 2008. Avanath is vertically integrated with its own in-house property management company. The company has over 250 employees.

A primary focus of our mission is to provide hard working families higher quality, well maintained, and safe value rental housing – a base for their pursuit of the American Dream. We invest not only in brick and mortar but in on-site services, amenities and activities that add value to properties and bring our residents' desired lifestyles within reach.

Families with incomes of \$30,000 to \$80,000 represent the largest segment of the rental housing market. We regard the ability to serve this market as a social, cultural and financial opportunity.

Avanath invests in high-quality multifamily communities in established residential neighborhoods and focuses on markets with high income growth and a significant supply/demand imbalance. Avanath's communities typically enjoy amenities found in market-rate multifamily properties, such as a pool, gym, clubhouse, and well-appointed unit interiors. Targeted assets generally enjoy occupancy of 98% or higher, with significant waitlists, and are typically acquired on an off-market basis.

RMC Development, LLC is a privately held full-service real estate development, finance and investment company that has considerable experience handling all aspects of today's sophisticated development projects and real estate transactions, both public and private. Headquartered in the greater Washington DC/Baltimore region, RMC is a multi-disciplinary, nationwide developer and development manager of mixed-use, transit-oriented development (TOD), military base redevelopment (BRAC) and student, market-rate and affordable housing. The company provides start to finish development and support services from acquisition and project conception through the stages of planning, design, construction, leasing, property management and disposition. Ron McDonald, a Detroit native with 30 years of commercial real estate experience, founded RMC in 2003. RMC has been directly involved in the acquisition, brokerage, financing, development and management of over \$6B in real estate equities.

The Company's experience and deep relationships in the capital markets combined with consistent performance makes it a preferred and trusted real estate partner for developers, public interests, investors and lenders. RMC has completed several successful engagements for a wide range of constituents to include both public and private companies, developers, REITS, municipalities, public housing agencies and private investors. Competence, experience, execution and key industry relationships were vertically integrated to deliver superior results for a wide mix of impressive real estate clients and collaborators to include: Actus Lend Lease, United States of America-GSA, Urban America, Avanath Capital Management, Disney, Google, HUD, TeleCommunication Systems Inc., Red Rock Global and a host of others.

Vanguard Community Development (VDC) was founded a quarter of a century ago to create positive change in Detroit's Historic North End communities and the people who live here. Vanguard and our executive staff have a demonstrated track record of success in Detroit real estate development. The company worked doggedly to produce affordable housing; eliminate slums and blight; and to reclaim communities from the devastation brought on by massive disinvestment.

Institutionally, VDC has a rich and varied history in affordable housing development. VDC has produced a total of 279 new construction, affordable homes and leveraged a total investment in Detroit's North End of Detroit of \$50.1 million through these developments. These projects are still affordable and still occupied.

Vanguard has evolved over the 25 years of its history into a broad-based community economic development organization, with a programmatic focus on housing development, economic development and community engagement. Bishop Edgar Vann remains as the founder.

Project Details

The project has multiple attractive components within the residential development expected to create a total of approximately one hundred eighty-five (185) new residential living units. The tax parcels for the new development were acquired from private parties as well as from a Detroit City Council approved purchase from the Detroit Land Bank Authority.

The project is expected to include eleven (11) total buildings consisting of various unit make-ups. The units are expected to be made up of approximately one-hundred seventy-seven (177) rental apartments, including approximately twenty-eight (28) two-bedroom apartments, approximately one hundred eight (108) one-bedroom apartments, and approximately forty-one (41) studio apartments (see Table 1). Approximately ninety-five (95) apartments will be intended for senior housing. There will be an overall affordability component for the apartment portion of the project. The remaining units consist of approximately eight (8) for-sale, market rate townhomes. Approximately one hundred thirty-five (135) on-site surface parking spaces will be included within the project. It is currently anticipated that construction will begin in early 2024 and eligible activities will be completed within 36 months thereafter. Each building is anticipated to complete construction in 9-12 months with construction beginning on 4 buildings in 2024 (buildings 1, 3a, 3b, and 4), 3 buildings in 2025 (buildings 2a, 5, and T), and 4 buildings in 2026 (buildings 2b, 6, 7a, and 7b).

Table 1.

The total investment is expected to be approximately \$43,407,843. An estimated two hundred (200) construction jobs are expected for the Property. An estimated two to four permanent jobs are expected to be created at the Property for facilitating the rental property. Approximately one hundred eighty-five (185) households are expected to live at the Property and pay city income taxes.

The Developer team has extensive experience in property development and management with 15,000 units nationwide and \$3 billion in assets. The Developer identified the North End neighborhood as the opportunity to return to Detroit. The Developer is dedicated to the community and City at large with its key principals having been raised in Detroit along with a demonstrated commitment to adjusting plans from neighborhood input.

The Developer entities have applied or will apply for property tax abatements under the Neighborhood Enterprise Zone Act and Commercial Rehabilitation Act (P.A. 210). If approved, the abatements will have the combined effect of reducing the property tax obligations of the owners of the units for the periods applicable under the applicable abatement certificates (as to the townhomes, only if the townhome is occupied as a principal residence), thereby reducing the amount of tax increment revenues available pursuant to this Plan.

RE: North End Landing Brownfield Redevelopment Plan

Dear Ms. Kanalos,

The Detroit Brownfield Redevelopment Authority (DBRA) has received the North End Landing Brownfield Redevelopment Plan (the "Plan") for consideration.

Avanath North End Parcel Owner I, LLC is the project developer ("Developer"). The property in the Plan consists of twenty-five (25) parcels bounded by Caniff Street to the north, I-75 to the east, E. Grand Boulevard to the south and Woodward Avenue to the west in North End neighborhood.

The project is a residential development across eleven (11) buildings expected to create a total of approximately one hundred seventy-seven (177) new rental apartments and flats as well as eight (8) for-sale townhomes. Two larger buildings will be 3-4 story apartment buildings dedicated to senior living. The remaining buildings will be attached, stacked flats (2-story) containing 6-14 units.

The project will redevelop many parcels of vacant land, many of which were tax foreclosed, to provide new residential units in the North End neighborhood of Detroit. Total investment is estimated at \$43.4 million.

The review for this brownfield plan is complete and all comments have been forwarded to the developer. No adverse comments were received. The Planning and Development Department recommends approval of the brownfield plan as submitted.

Sincerely,

Russell Baltimore
Assistant Director Design

Re: Recommendation for Approval of the North End Landing Brownfield Redevelopment Plan

Honorable Members of the Detroit City Council and the City of Detroit Brownfield Redevelopment Authority Board of Directors:

In accordance with the resolution of the Detroit City Council creating the City of Detroit Brownfield Redevelopment Authority (the "Authority"), the Community Advisory Committee, at its meeting of April 12, 2023, adopted a resolution approving the proposed Brownfield Plan for North End Landing and recommending adoption of this Brownfield Plan by the Authority and City Council.

Please accept this letter of recommendation for approval from the Community Advisory Committee on the Brownfield Plan for North End Landing.

Very truly yours,

By:

Re: North End Landing Project

Dear Honorable City Council:

Please accept this letter as my support for the proposed North End Landing development, which is expected to include 95 apartments for senior citizens, 82 additional apartments not restricted to seniors, and 8 for-sale townhomes. Each part of the development will have affordable rental or purchase opportunities and design elements consistent with the requests of the community.

We understand the development team is seeking tax abatements under Act 147 (NEZ for the townhomes) and Act 210 (for the apartments) as well as brownfield tax increment financing (TIF) in order for the project to be financially feasible.

By using the TIF program, the developer will be able to successfully revitalize this important portion of our neighborhood and provide housing with a variety of rents, including affordable rental opportunities.

We appreciate the developer's actions over the two years to meet with the community on multiple occasions. At community meetings, the development team presented its vision, including its conceptual plan, project layout and project timing, and engaged in discussions about our community's needs. This engagement resulted in the developer's voluntary agreement to provide various benefits for the community including support of local businesses, a commitment to make exterior improvements to existing homes, inclusion of additional green space and a greater mix of apartments for seniors in the proposed development. These efforts, coupled with ongoing engagement with the community, are the type of commitments we expect from a developer and are appreciated.

I am pleased to support the North End Landing project's requests and the addition of the proposed types of housing to the neighborhood.

Sincerely,

Re: North End Landing development

As the CEO of the North End Youth Improvement Council (NEYIC), I am proud to support the North End Landing development project. The Avanath development group has been very supportive of our work. We look forward to an ongoing relationship as the new housing comes online.

As you may know the NEYIC was founded by my mother, the late Dolores Bennet, who blazed the trail and she set the standard for community engagement in the North End. We know that Avanath will continue to be a key supporter of the work we do with the youth of the North End.

Avanath has held meetings with community leaders and residents and agreed to a series of community benefits, including support to another development team to build for-sale homes.

We look forward to continuing to work with the Avanath development team and their ongoing community engagement to implement the commitments made to the community in addition to for-sale housing.

Best regards,

DATE: 4/10/2023

The undersigned, from the City of Detroit, Buildings, Safety Engineering, and Environmental Department acknowledges the receipt of the environmental documents listed below, which have been submitted by TEG Environmental Services Inc., on behalf of Avanath Development LLC c/o Vanguard CDC, as developer, as part of its Brownfield Plan submittal to the Detroit Brownfield Redevelopment Authority (DBRA), for the North End Landing Development project.

 1 Phase I Environmental Site Assessment, pursuant to USEPA's. All Appropriate Inquiry using American Society of Testing Materials (ASTM) Standard E 1527-13

 1 Phase II Environmental Site Assessment, pursuant to ASTM Standard 1903 (if appropriate)

 Baseline Environmental Assessment, pursuant to Part 201 of Michigan's Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.* (if appropriate).

 Due Care Plan, pursuant to Part 201 of Michigan's Natural Resources and Environmental Protection Act, MCL 324.20101 *et seq.* (if appropriate).

Based upon its review of the above environmental documents and the representations of the developer, the City of Detroit, Buildings, Safety Engineering, and Environmental Department agrees with the environmental consultant that there does appear to have been a measurable release to the subsurface and therefore, the site is considered a Part 201 "facility" with the exception of 545-561 Bethune (EU_14). The documents received for this project satisfy the DBRA Guidelines.

1. What is the plan for hiring Detroiters?
 - Subcontractor selection for the Project (as defined in this Plan) shall include a prequalification assessment prior to bidding. As part of the prequalification process, evaluation of geographic location of the business and their associated staff assigned to the Project will occur along with capacity assessment, relevant work experience, financial standing, and insurance and performance qualifications. It is the team's goal to provide local subcontracts that are qualified with the opportunity to participate within the Project based on a qualified and competitive process.

2. Please give a detailed description of the jobs available as listed in the above chart, i.e: job type, job qualifications, etc.
 - Construction related jobs shall include, but not limited to; skilled trades such as carpentry, electrical, mechanical, plumbing, finish work (painting, flooring and millwork), building facade and enclosure work. These jobs shall be provided via subcontractors selected to the project team. In addition to subcontract related positions, general labor positions will be available as well. Qualifications are subject to the individual business hiring requirements. A contact name and information shall be provided for inquiries.
 - Post construction jobs will be related to building maintenance and operations.

3. Will this development cause any relocation that will create new Detroit residents?
 - Both current city residents and new residents of the City are expected to be attracted to the project. We will not be displacing any current residents as this development will be new construction on vacant lots/buildings.
4. Has the developer reached out to any community groups to discuss the project and/or any potential jobs?
 - The developer has met with and has the support of numerous North End residents and businesses and North End community groups.
5. When is construction slated to begin?
 - Construction is slated to begin in early 2024.
6. What is the expected completion date of construction?
 - Construction is estimated to take approximately thirty-six (36) months and be completed in early 2027.

Projects

North End Landing Brownfield Redevelopment Plan

Mr. Vosburg noted that there were members of the public in attendance for this Plan, and asked if the DBRA Board would like to entertain public comment before taking action on this item. Mr. Razo stated that they could hear public comments for this project after Mr. Vosburg's presentation and before taking action on this item. Mr. Etheridge made a motion to receive public comment on the North End Landing Brownfield Plan prior to taking action on the item. Mr. Clay seconded the motion.

Mr. Vosburg presented the North End Landing Brownfield Redevelopment Plan.

Project Introduction

Avanath North End Parcel Owner I, LLC is the project developer ("Developer"). The project is a residential development across eleven (11) buildings expected to create a total of approximately one hundred seventy-seven (177) new rental apartments and flats as well as eight (8) for-sale townhomes. Two larger buildings will be traditional 3-4 story apartment buildings dedicated to senior living. The remaining buildings will be attached, stacked flats (2-story) containing 6-14 units. It is currently anticipated that construction will begin in early 2024 and that eligible activities will be completed within thirty-six (36) months thereafter. Each building is anticipated to be constructed over a 9–12-month period with construction beginning on 4 buildings in 2024, 3 buildings in 2025, and 4 buildings in 2026.

The total investment is estimated to be \$43.4 million. The Developer is requesting \$7,646,475.00 in TIF reimbursement.

There will be approximately 200 temporary construction jobs and approximately 4 permanent jobs are expected to be created by the project.

Property Subject to the Plan

The eligible property (the "Property") consists of twenty-five (25) parcels, which are bounded by Caniff Street to the north, I-75 to the east, E. Grand Boulevard to the south and Woodward Avenue to the west in North End neighborhood.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) it was previously utilized for a commercial purpose; (b) is located within the City of Detroit, a qualified local governmental unit; and (c) the Property is "Facilities" as defined by Act 381; or (d) adjacent and contiguous to a parcel that is a "Facility" as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include baseline environmental assessment activities, department specific activities, due care activities, site preparation, infrastructure improvements, interest, and the development, preparation and implementation of a brownfield plan and Act 381 Work Plan. The

eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. The eligible activities are estimated to commence within 18 months of approval of the Plan and be completed within 3 years.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

COSTS TO BE REIMBURSED WITH TIF

1. Environmental Assessment Activities	\$107,455.00
2. Due Care Activities	\$2,485,381.00
3. Demolition	\$367,552.00
4. Asbestos Assessment and Abatement	\$20,000.00
5. Site Preparation	\$181,497.00
6. Infrastructure Improvements	\$1,933,049.00
7. Stormwater Management	\$229,150.00
8. Brownfield Plan & Work Plan	\$60,000.00
9. Contingency (15%)	\$782,494.00
10. Interest	\$1,479,897.00
Total Reimbursement to Developer	\$7,646,475.00
11. Authority Administrative Costs	\$1,580,759.00
12. State Brownfield Redevelopment Fund	\$871,350.00
13. Local Brownfield Revolving Fund	\$3,718,155.00
TOTAL Estimated Costs	\$13,816,739.00

The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Incentives

The Developer is seeking additional incentives, which includes local and/or state approval of a Neighborhood Enterprise Zone (PA 147) and a Commercial Rehabilitation Act (PA 210) Tax Abatements.

Attached for the CAC's review and approval were three (3) resolutions: 1.) a resolution supporting the Plan in the event the Committee does not deem it necessary to conduct a CAC public hearing and 2.) a resolution authorizing a public hearing in the project area and 3.) a resolution authorizing a public hearing in the project area and to appoint up to two special CAC members. The public hearing may be held jointly with any public hearing conducted by the Detroit Brownfield Redevelopment Authority.

Mr. McDonald provided more information about the Developer including the development partners involved in the project including their experiences in other projects nationally specializing in affordable and workforce housing developments, as well as military housing development. Mr. McDonald added that the project includes the use of Detroit-based firms for the architecture and other services, the engagement with Detroit City Council President Sheffield's Office and the Housing and Revitalization Department regarding the use of Section 8 vouchers for the project, the design of the development to blend with the current housing structures in the community, the community engagement conducted for the project and the efforts to respond to concerns from the community including the inclusion of for-sale residential units, the addition of greenspace in the development, the creation of a \$100,000 fund for small businesses in the North End neighborhood, \$3,000 to the property owners adjacent to the Property for exterior improvements to their homes, programming for art in the area, and covered the anticipated construction timeline for the project including the phasing of the project so as to limit the impacts of the construction and the influx of new residential units, the inclusion of ADA compliant units, the anticipated rental rates for the affordable units

will be studios at \$1,050 per month and the two-bedroom units at \$1,500 per month, and the market rate studio units will be \$1,250 per month and the two-bedroom units will be \$2,200 per month.

Mr. Razo called for public comment for the North End Landing Brownfield Plan and stated that each person would receive two minutes to provide their public comment.

Ms. Dockery stated that she is a resident of the North End neighborhood and the Executive Director of Stafford House which is a nonprofit that operates in the North End, and that she supports Vanguard CDC and this project and how much work Vanguard CDC has performed in the area and that it is important to the neighborhood that it continues to be built and uplifted and urged the CAC to support the project.

Mr. Gersh stated that over 600 people who either live or own property in the North End signed a petition for the Detroit Land Bank Authority to hold off on selling the properties to the Developer until the Developer made changes to the development in partnership with the Lower North End Block Club, which did not happen and the land sale was pushed through approval and that a lot of the people involved in that petition have decided not to continue to speak up about their requests, and stated that the Developer purchased privately owned parcels above market value for the project and that the sale of those parcels is contingent on the project happening.

Ms. Bennett King stated she represents the North End Youth Improvement Council and has a long standing history in the North End neighborhood including the development of the Bennett Park by the City of Detroit, and that in the last couple of years she has been meeting with the Developer about the project and programming plans for the Park, and that she welcomes the much needed new residents and that the Property included in the project is an eyesore and that she is happy that the Developer will be redeveloping the Property and that over 2,000 signatures were provided in support of the project.

Ms. Warwick stated that the project would completely surround her property and that the project and related approvals have been conducted in secret and with insincere community engagement, and that there should have been a planning study conducted in the neighborhood.

Mr. Clay asked if there are any existing structures present on the Property and if any of the existing structures are occupied. Mr. McDonald stated that there are a couple of existing structures on the Property that will need to be demolished and that those structures are vacant.

Mr. Clay asked what the plans are for parking for the development. Mr. McDonald stated that there will be parking located behind the developments.

Mr. Clay asked if the new residential units will be designed to match the existing housing in the neighborhood. Mr. McDonald stated that the developments will have similar materials to the existing housing in the neighborhood to avoid too much of a contrast in design, and that the developments are planned to be comparative and compatible in scale to the existing housing in the area.

Mr. Clay asked for more information on Mr. McDonald's service in the U.S. Navy. Mr. McDonald stated that when he retired from the U.S. Navy, he was a Surface Warfare Officer.

Dr. Randall stated that there were several support letters included in the Plan, but that the majority of the letters had the same date and appeared to be a form letter.

Mr. Evans asked which companies have been hired so far and the plans to hire Detroit residents for the construction of the development. Mr. McDonald stated that the Developer has brought on TEG Environmental Services and Tekton Development, both of which are Detroit-based and minority-owned firms, and Spalding DeDecker for civil engineering services, and the construction management is being performed by a minority-owned company based in Irvine, California. Mr. McDonald added that there aren't any specific goals for hiring Detroit-based contractors.

Mr. Evans asked why the Developer chose to hire a California-based firm to perform the construction management for the project. Mr. McDonald stated that the Developer chose to hire a California-based firm to perform the construction management for the project because of the existing relationship and experience the Developer has working with the company on other projects and that they have not been chosen as the General Contractor for the project but has helped through the planning process for the construction of the project.

Mr. Evans asked if the Developer would be willing to reach out to Detroit-based companies for the construction of the project. Mr. McDonald confirmed that he would definitely be willing to reach out to Detroit-based companies for the construction of the project.

Mr. Osbern asked for more information on the community engagement conducted for the project. Mr. McDonald stated that the Developer has engaged extensively with community members including Mr. Gersh and Ms. Warwick, in addition to clock clubs in the neighborhood and responded to concerns from the community and made certain modifications to the project plans based on the feedback. Mr. McDonald stated that the parcels that were privately-owned and purchased by the Developer were not contingent on the project being constructed and that those parcels are now fully owned by the Developer.

Mr. Osbern asked how many meetings were held with the community. Mr. McDonald stated that there were several meetings and events held with the community about the project, both larger events and smaller meetings with fewer members of the community. Ms. Cockrel added that the Developer will continue to conduct community engagement while the project moves forward and that there are a number of people from the community that are unwilling to be vocal about the project because of the controversy that has surrounded the project.

Mr. Osbern asked for more information on how the information about the community meetings was sent to the community. Ms. Cockrel stated that the Developer went door-to-door in the area to provide notice, made phone calls through the outreach staff at Vanguard, and also sent emails to those with email addresses and internet access.

Ms. Osbern asked for more information on how the \$3,000 contribution to adjacent property owners was generated and how the money will be distributed. Mr. McDonald stated that because there will be the addition of new construction in the neighborhood, they wanted to enable the existing residents to make upgrades to the exterior of their homes, and that the General Contractor will be responsible for making the repairs to the homes eligible for the upgrades based on the proximity to the development.

Mr. Osbern asked if there is a plan in place to hire residents from the neighborhood for the construction of the project or if there will be a preference given to local companies through the bid process for the work. Mr. McDonald stated that there is not a specific plan in place at this point to hire residents from the neighborhood on the construction or to have a preference given for local companies through the bid process, but that there is a desire to hire as many local companies to complete the work as possible.

Mr. Evans requested that Mr. McDonald's contact information can be shared with the CAC so that the names of local companies can be shared with him and stated that he is happy to see a project in the North End but that it's important that people from the neighborhood be involved in the construction of the project in an area that hasn't seen this kind of investment in a long time.

Mr. Etheridge asked if the project has been through the design review process with the Planning and Development Department given the current zoning for the Property. Mr. McDonald stated that the project is currently undergoing site plan review with the Planning and Development Department and that there will likely be some zoning variances that will require approval.

Mr. Razo asked why there is a significant number of studio and one-bedroom units included in the project. Mr. McDonald stated that the unit mix for the project was based on market analysis for the area.

Mr. Osbern asked what the Developer has learned from the planning and community engagement processes for the project. Mr. McDonald stated that there is a learning curve through the planning and community engagement process for projects and that he hopes that for future projects the process will be shorter and more efficient to limit delays in the development.

Mr. Evans asked if the Property formerly had single-family homes and how the project addresses the need for family housing. Mr. McDonald stated that the project is a catalyst for future developments that can address the need for family housing and for-sale housing and that there is a significant amount of vacant land in the North End neighborhood that can be developed.

Mr. Franklin stated that the Property is located in close proximity to Wayne State University and that could have skewed the results of the market analysis that informed the decision to include a large number of studio and one-bedroom units.

Mr. Franklin asked what the permanent jobs are expected to be. Mr. McDonald stated that the permanent jobs to be created by the project are related to property management and maintenance.

Mr. Franklin asked for clarification about the parcels that were purchased from private owners. Mr. McDonald stated that there was no validity to the statement made during public comment regarding the parcels that were purchased from private owners about the payment for the land being contingent on the completion of the project.

Mr. Razo called for a motion regarding the North End Landing Brownfield Redevelopment Plan, as presented.

Dr. Randall made a motion to hold a public hearing for the North End Landing Brownfield Redevelopment Plan before voting on the Plan. Mr. Clay seconded the motion.

Mr. Razo opposed.

DBRA-CAC Resolution Code 23-03-317-01 was approved.

Mr. Osbern asked where the public hearing will be held. Mr. Vosburg stated that the public hearing will be held via Zoom.

Public Comment

Mr. Razo called for general public comment and stated that each person would receive two minutes to provide their public comment.

Ms. Warwick stated that the North End Landing surrounds her property and that there should have been a planning study conducted by the City, and that the community engagement efforts made by Vanguard CDC did not include all members of the neighborhood and was not inclusive, and that she is not against development in the neighborhood, but that she does not agree with this development and the way the community engagement has been handled.

Mr. Gersh stated that he wanted to apologize if he misspoke in his prior public comment regarding the North End Landing project and that he believes his other criticisms of the project are accurate and hopes that his one mistake will not call into question the legitimacy of his other statements, and added that he has yet to meet any adjacent residents to the project that supports the plans for this project and that they have supported other development projects in the neighborhood.

Ms. Dockery stated that she has a lot of concerns about the North End Landing project and that she is upset that she feels left out of the community engagement conducted for the project, especially considering the location of her home adjacent to the project, and that she would like to know what can be done to change the project to make it more agreeable to the neighborhood.

Mr. Evans asked if Ms. Warwick and the members of the public who are opposed to the North End Landing project would be able to send their alternative proposals to the DBRA Staff for consideration. Mr. Vosburg

stated the Mr. Gersh provided some documentation to DBRA Staff to be included in the minutes for the meeting. Mr. Franklin stated that the public will be able to provide more feedback about the project at the public hearing for the project.

Adjournment

Citing no further business, on a motion by Mr. Osbern, seconded by Mr. Franklin, Mr. Razo adjourned the meeting at 6:57 p.m.

Lower North End Block Club Request To Stop and/or Reject Vote on Sale of Parcels for Proposed Development 'North End Landing' by Vanguard CDC/Avanath Financial

April 20th, 2021

Leaders of the Detroit Land Bank Authority

On behalf of the Lower North End Block Club in unity with over 500 community members from the greater North End community who have signed our petition, **we strongly oppose the sale or option granting of the DLBA /city-owned land that Avanath & Vanguard Community Development Corporation propose building on.**

We are an organized, reasonable, and pro-development group of community members. We have supported several developments in our neighborhood and willingly share development guidelines, attached to this letter¹, for groups seeking the support of our Block Club for their development.

We oppose this specific development for several reasons:

- 1) **The proposed development would build 180 units of rental housing in a roughly 2 ½ block space, higher than the peak historical density of any space in the neighborhood.** A more spread out multifamily development across other parcels of land owned by Vanguard or the City of Detroit, that includes opportunities for ownership, is more suitable.
 - a. The Lower North End currently spans 23 blocks and contains approximately 100 households, the majority of which are owner occupied. The proposed development would nearly triple the total number of households in the Lower North End, and place all of the new residents in a 2 ½ block space.
 - b. The proposed development would also dramatically flip the Owner Occupant-to-Renter ratio, making our community a majority rental community overnight. With creative financing tools such as the *Downpayment Toward Equity Act of 2021*² on the horizon, we think there's real opportunity for developers and community groups to work together to help the people who live in the community to build wealth and directly prosper from the increased property values that new development will bring.
 - c. The development proposal would build those blocks up to a higher level of density than it has ever held historically by replacing the traditional mix of single-family and multifamily homes on a shared street with a massive multifamily development.
- 2) **The proposed development would involve the sale of DLBA and city-owned land that should be preserved for a Delores Bennett Park or other greenspace expansion.** The Delores Bennett Park is the crown jewel of the North End and members of the community have advocated for a greenspace expansion at every opportunity provided.
 - a. Vanguard's own Greenspace Planning Workshop from 2015 produced a plan³ to expand athletic courts and streetscape improvements on this land. Vanguard's design proposal from 2015 is attached to this letter.

² Downpayment Toward Equity Act of 2021

³ 2015 Vanguard NE Greenspace Plan

Lower North End Block Club Request To Stop and/or Reject Vote on Sale of Parcels for Proposed Development 'North End Landing' by Vanguard CDC/Avanath Financial

- b. The city owned land next to Delores Bennett Park represents this community's best hope for public-private partnership or other community renewal opportunities like those downtown residents have enjoyed with the Detroit Riverwalk and Detroit Downtown Partnership park renewals.
 - c. Vanguard already owns an estimated 50+ vacant lots in the North End. The Detroit Land Bank Authority has close to 1,000 parcels in the North End. There are countless locations for a multifamily development in the North End that are not on top of our community's hope for a park expansion.
 - d. The most requested support from the Knight Foundation's recent engagement with our block club have been for improvements to Delores Bennett Park, including a park expansion and addition of a statue of Delores Bennett, the late matriarch of the North End. These improvements have been pursued by residents repeatedly over the years across various community planning documents including the Lower North End's own working masterplan⁴
 - e. Recent announcements of private investment and donations expanding outside of the downtown core and into Detroit's neighborhoods give our community new hope that this project can be accomplished. That hope would be destroyed by the city selling all of the land best suited for a park expansion to a developer.
- 3) **From the perspective of the community, it seems like minimal engagement and token concessions are being used to shove through a development proposal that the community strongly opposes.** The community engagement process that resulted in this development proposal is completely inadequate.
- a. The community's strong opposition is clear from the over 500 North End Residents who have rallied to sign the attached petition⁵, all of which was organized over the course of just 5 days during a pandemic. The willingness of our residents to put themselves in harm's way going door to door to collect signatures during a pandemic speaks to how strongly the community opposes the development.
 - b. As is clearly indicated by the attached map⁶, the residents and property owners immediately affected by the proposed development are overwhelmingly opposed to it.
 - c. Any community engagement whatsoever would have resulted in a starkly different development proposal. This should be clear from Vanguard's own community engagement from 2015 that produced a greenspace expansion plan where they now propose a multifamily development.
- 4) **Several "false dilemmas" are being used by persons representing the DLBA, the city, and the developers to push the development proposal, which erodes the trust of the community in the development partnership.**
- a. It has been repeatedly suggested that the community must accept "this development" or live in fear that there will be "no development." Rehabilitation of single family and multifamily homes and infill housing construction in the North End have been happening at an increasing rate for

years. If this development partnership is not willing to engage with the community on a suitable proposal, development will continue without them.

- b. It has been repeatedly claimed that the development cannot be built on any site other than the lots on Smith St adjacent to Delores Bennett Park because any other location would not be "transit oriented" enough and the new residents would not have access to transportation. Any resident of the North End is within walking distance of transit available on Woodward, and we are happy to show new residents how to walk from Oakland Ave to the bus stop, as many of us often do for work.

We are ready to provide some ideas on how the community, the city, and the developers could reach a common understanding on a development proposal we would support. An ideal outcome for the community would keep the best parts of the current proposal, which we do not take for granted:

- 1) A minority led development firm.
- 2) A multifamily development partner with a long-term interest in the community and the city.
- 3) The opportunity for some long term residents to personally benefit from selling their land to the developers.

Having stated that, we **absolutely oppose the sale or option granting of the DLBA /city-owned land that Avanath & Vanguard Community Development Corporation propose building on at this time.**

We are relying on you, as the representatives of us as community members and citizens, to exercise your authority on our behalf. Please listen to our unified voice and do not sell or grant the city-owned land on Smith St adjacent to Delores Bennett Park at this time.

Thank you for your time and consideration on this matter.

Summary of Community Feedback on Revised Development Proposal 'North End Landing' by Avanath Financial/Vanguard CDC

September 1st, 2021

From July 21st through August 21st, the Lower North End Block Club distributed a survey to the residents of the Lower North End. The purpose of the survey was to:

1. Acknowledge the resident feedback to the [Original North End Landing Plan \(NEL 1\)](#), which was informed by over 600 community members' [Petition Campaign](#) opposing the sale of the DLBA lots for the development.
2. Present the changes made to the Original North End Landing Plan by the Developer (Avanath) based on that feedback via the [Revised North End Landing Plan \(NEL 2\)](#).
3. Capture the community's general feedback on the revised plan and to establish an objective order-of-priority of that feedback, which would be used to inform terms of endorsement by the block club.

Survey Design/Background:

Due to the complex nature of neighborhood development, which often has many moving parts, we felt it was important to highlight the specific changes that had been made between NEL 1 and NEL 2 in the survey itself. We included the original and revised site plans. We also included a summary of the changes between the proposals.

Additionally, due to the intensity with which the community responded to the original proposal, we felt it was important to summarize/acknowledge the feedback the community provided to NEL 1. The intention here was to make it easier for people to understand how the changes to NEL 1 had been informed by feedback provided by the community. We also hoped that by emboldening their feedback, it would help people feel like the survey was a continuation of the engagement process as opposed to starting from scratch; we wanted to make sure that the community understood that their feedback on NEL 1 had been heard.

We chose to dedicate a unique section of the survey to each of the core issues the community had with NEL 1.. These points of feedback are captured in the [LNE Block Club's 4-20-21 letter to the DLBA](#), and include concerns around *density, lack of for-sale housing, greenspace, parking, where the profits go, the aesthetics of the project, etc.*

Within each section, we wanted to establish how people felt about how the changes made in NEL 2 impacted their initial concern regarding the issue.. We used 5-point Likert scales to establish the intensity of their feelings, which included "really positive", "positive", "neutral", "negative", and "really negative" response options.

Based on initial feedback to a draft of the survey from a handful of community members, we also chose to include a free response option to each section. The community felt it was important that their literal thoughts were included in the survey results.

In the next section of the survey we asked the community to rank the importance of each issue in and of itself via a likert scale table and relative to each other via a forced choice ranking. The intention here was to understand how important each issue was to the community and separate what the order of priority was for each issue.

We also included a general free response section that asked the community to tell us something they liked and didn't like about the development in general. Additionally, we asked the community what the single most important thing they wanted us to know about how they felt about NEL 2. The purpose of these questions was to capture any reactions to the development that didn't fall within the core issues.

Finally, to assess the internal validity of the survey (to establish whether or not the community felt the survey adequately captured their feelings about the development) we included a section for survey feedback.

Summary of Survey Results:

The full results of the survey are available at the following link:
https://docs.google.com/forms/d/1eDISHdGO2-eTcauxew_G6VMIFhhBPJYrqSTXqfwm4A/viewanalytics

Our survey of resident feedback on the proposed development revealed that residents rated **overall density of the development, lack of for-sale homes, and preservation of greenspace** as the concerns that were the most important to them.

- 1) **Residents are deeply concerned about the overall density of the development.** 64.7% of respondents evaluated the development as “too dense,” with 43.1% evaluating it as “way too dense.” Only 5.9% felt it should be more dense. 25.5% felt neutral about the density.
 - a. The Lower North End currently spans 23 blocks and contains approximately 100 households. The proposed development would nearly triple the total number of households in the Lower North End, and place all of the new residents in a 2 ½ block space.
 - b. Several other survey responses indicated that residents were concerned about neighborhood streets being effectively converted into parking lots, as the development proposal does not include adequate parking for all residents. Respondents elaborated that the streets are often parked block-to-block with cars using the Delores Bennett park already.
 - c. To satisfy residents' concerns about density, we request that exclusive of senior housing apartments, **no single block or street in the development proposal be built to include more than 20 new residential housing units.**
 - d. Meeting the above request would require a reduction of X units on Smith Street and X units on the block between Custer, Brush, and Smith.

- 2) **Residents are overwhelmingly concerned about the lack of home ownership opportunity for residents of the new development.** An overwhelming 88.2% of residents believe that the number of for-sale units in the new development ought to be increased, with 74.5% requesting “a lot more for sale units. 7.8% were neutral. **0% of respondents said they liked or really liked that 100% of the development was rentals** (though 4% indicated doubts about a for-sale market).
 - a. The maximum number of for-sale units Avanath has considered constructing is 6, compared to 172 rental units.
 - b. To satisfy residents' concerns about home ownership opportunity, we request that exclusive of senior housing apartments, **50% of all other housing units be constructed for the purpose of being sold.**
 - c. While the details of the 6 for-sale units to be built by Jason Jones of Tekton development weren't mentioned in the survey (due to the block club not receiving any information about the units until after the survey had been distributed), initial feedback to the idea has been very positive. We propose that Tekton scale up their for-sale housing initiative across the entirety of the DLBA owned land on Smith St.

Summary of Community Feedback on Revised Development Proposal 'North End Landing' by Avanath Financial/Vanguard CDC

- d. With creative financing tools such as the *Downpayment Toward Equity Act of 2021*¹ on the horizon, we think there's real opportunity for developers and community groups to work together to help the people who live in the community to build wealth and directly prosper from the increased property values that new development will bring.
- 3) **Residents are concerned about the preservation of greenspace.** 78.5% of residents advocated for the preservation of greenspace for a park expansion, with 70% advocating for more greenspace to be specifically included in the development proposal.
- a. Survey respondents' requests for greenspace are closely linked to their concerns about density and parking. The overarching concern is that the development packs too many housing units into an area under-served by adequate parking and community spaces.
 - b. The city owned land next to Delores Bennett Park represents this community's best hope for public-private partnership or other community renewal opportunities like those downtown residents have enjoyed with the Detroit Riverwalk and Detroit Downtown Partnership park renewals.
 - c. **Spreading the development out to include vacant land owned by Vanguard in the Oakland avenue corridor in lieu of the city land bordering the Delores Bennett park** would mitigate residents' concerns about density and greenspace.\

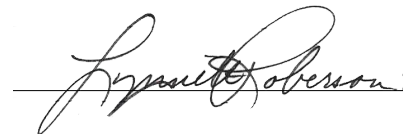

We are ready to provide some ideas on how the community, the city, and the developers could reach a common understanding on a development proposal we would support. An ideal outcome for the community would keep the best parts of the current proposal, which we do not take for granted:

- 1) A minority led development firm.

PETITION TO OPPOSE PROPOSED DEVELOPMENT 'NORTH END LANDING'

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Anasazi. The proposed development as of April 2021 includes 180 total properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in and property owners owning property on the area located between F Grand Blvd to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which is in accordance with bylaws and the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is most google.com/forward-ppqa. The next 6 consecutive block club meetings will take place on 5/9/21, 6/2/21, 6/21/21, 6/22/21, 6/29/21, and 7/13/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- Not allow the following properties to be sold and/or Vanguard Community Development Corporation: 239 South, 247 South, 271 South, 277 South, 299 South, 301 South, 307 South, 313 South, 319 South, 325 South, 779 South, 828 South, 322 South, 306 South, 403 South, 779 South, 779 South, 779 South, 779 South, 333 F. Beaubien, 333 F. Beaubien, 343 F. Beaubien, 353 F. Beaubien, 363 F. Beaubien, 363 F. Beaubien for the time being.
- Prevent any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

PETITION TO OPPOSE PROPOSED DEVELOPMENT NORTH END LANDING

Background & Purpose: the purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being prepared by Vanguard Community Development Corporation in partnership with Acanath. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners owning property on the area located between E Grand Blvd. to Chandler St. and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/21/21 remains strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is most google.com/join-petition. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 8/29/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- Not sell the following properties to Acanath and/or Vanguard Community Development Corporation: 239 Smith, 267 Smith, 271 Smith, 277 Smith, 299 Smith, 303 Smith, 307 Smith, 313 Smith, 319 Smith, 325 Smith, 7719 Brook, 338 Smith, 312 Smith, 306 Smith, 403 Smith, 7718 Brook, 7719 Brook, 7741 Brook, 7753 Brook, 330 Chandler, 323 E. Beaubien, 529 E. Beaubien, 345 E. Beaubien, 555 E. Beaubien, 561 E. Beaubien for the time being.
- Postpone any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT "NORTH END LANDING"

Background & Purpose: The purpose of this petition is to document the opposition to the proposed multi housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Avastah. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners owning property in the area located between E Grand Blvd to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is most google.com/join-pq-qa. The next 6 consecutive block club meetings will take place on 5/31/21, 6/7/21, 7/5/21, 8/2/21, 8/30/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- 1. Not sell the following properties to Avastah and/or Vanguard Community Development Corporation: 259 South, 267 South, 271 South, 277 South, 289 South, 303 South, 307 South, 313 South, 319 South, 325 South, 329 South, 333 South, 337 South, 341 South, 345 South, 349 South, 353 South, 357 South, 361 South, 365 South, 369 South, 373 South, 377 South, 381 South, 385 South, 389 South, 393 South, 397 South, 401 South, 405 South, 409 South, 413 South, 417 South, 421 South, 425 South, 429 South, 433 South, 437 South, 441 South, 445 South, 449 South, 453 South, 457 South, 461 South, 465 South, 469 South, 473 South, 477 South, 481 South, 485 South, 489 South, 493 South, 497 South, 501 South, 505 South, 509 South, 513 South, 517 South, 521 South, 525 South, 529 South, 533 South, 537 South, 541 South, 545 South, 549 South, 553 South, 557 South, 561 South, 565 South, 569 South, 573 South, 577 South, 581 South, 585 South, 589 South, 593 South, 597 South, 601 South, 605 South, 609 South, 613 South, 617 South, 621 South, 625 South, 629 South, 633 South, 637 South, 641 South, 645 South, 649 South, 653 South, 657 South, 661 South, 665 South, 669 South, 673 South, 677 South, 681 South, 685 South, 689 South, 693 South, 697 South, 701 South, 705 South, 709 South, 713 South, 717 South, 721 South, 725 South, 729 South, 733 South, 737 South, 741 South, 745 South, 749 South, 753 South, 757 South, 761 South, 765 South, 769 South, 773 South, 777 South, 781 South, 785 South, 789 South, 793 South, 797 South, 801 South, 805 South, 809 South, 813 South, 817 South, 821 South, 825 South, 829 South, 833 South, 837 South, 841 South, 845 South, 849 South, 853 South, 857 South, 861 South, 865 South, 869 South, 873 South, 877 South, 881 South, 885 South, 889 South, 893 South, 897 South, 901 South, 905 South, 909 South, 913 South, 917 South, 921 South, 925 South, 929 South, 933 South, 937 South, 941 South, 945 South, 949 South, 953 South, 957 South, 961 South, 965 South, 969 South, 973 South, 977 South, 981 South, 985 South, 989 South, 993 South, 997 South.
- 2. Postpone any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners owning property in the area located between E Grand Blvd. to Chandler St. and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The prelink to access the meetings is meet.google.com/far-gqq-qqa. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 8/6/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority:

- Not sell the following properties to Avanth and/or Vanguard Community Development Corporation: 239 South, 267 South, 272 South, 277 South, 299 South, 303 South, 307 South, 313 South, 319 South, 323 South, 779 Brush, 328 South, 312 South, 306 South, 403 South, 774 Brush, 779 Brush, 774 Brush, 774 Brush, 330 E. Beethune, 329 E. Beethune, 335 E. Beethune, 343 E. Beethune, 353 E. Beethune, 361 E. Beethune for the time being.
- Preempt any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT NORTH END LANDING

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Avantha. The proposed development as of April 2021 includes 180 rental properties, primarily on Smith St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in (and property owners owning property in) the area located between E Grand Blvd. to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is meet.google.com/fur-tpq-qa. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 9/6/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

1. *Not* sell the following properties to Avantha and/or Vanguard Community Development Corporation: 239 Smith, 267 Smith, 271 Smith, 277 Smith, 299 Smith, 303 Smith, 307 Smith, 313 Smith, 319 Smith, 323 Smith, 7719 Brush, 328 Smith, 312 Smith, 306 Smith, 403 Smith, 7718 Brush, 7719 Brush, 7741 Brush, 7753 Brush, 330 Chandler, 325 E. PETITION TO OPPOSE PROPOSED DEVELOPMENT 'NORTH END LANDING'

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Avacash. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners owning property in the area located between E Grand Blvd. to Chandler St. and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is most google.com/join-qr. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 9/6/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- Not sell the following properties to Avacash and/or Vanguard Community Development Corporation: 239 South, 267 South, 271 South, 277 South, 299 South, 303 South, 313 South, 319 South, 323 South, 7719 Brook, 328 South, 312 South, 306 South, 403 South, 7718 Brook, 7719 Brook, 7741 Brook, 7751 Brook, 330 Chandler, 325 E. Beaubien, 329 E. Beaubien, 325 E. Beaubien, 343 E. Beaubien, 353 E. Beaubien, 361 E. Beaubien for the time being.
- Postpone any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT NORTH END LANDING

Background & Purpose: The purpose of this petition is to document the opposition to the proposed off-lot housing development known as "North End Landing", which is being prepared by Vanguard Community Development Corporation in partnership with Anworth. The proposed development as of April 2021 includes 180 rental properties, primarily on Smith St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Black Club, which represents the majority of residents living in (and property owners owning property in) the area located between E Grand Blvd to Chandler St and Woodward to Oakland Ave.

The Lower North End Black Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Black Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Black Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is meet.google.com/fur-rqg-qa. We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- 1. Not sell the following properties to Anworth and/or Vanguard Community Development Corporation: 259 South, 267 South, 271 South, 277 South, 289 South, 301 South, 307 South, 311 South, 319 South, 323 South, 329 South, 335 South, 341 South, 345 South, 401 South, 407 South, 413 South, 419 South, 7718 Brack, 7719 Brack, 7721 Brack, 7723 Brack, 430 Chandler, 525 E. Beaubien, 529 E. Beaubien, 533 E. Beaubien, 545 E. Beaubien, 551 E. Beaubien, 561 E. Beaubien for the time being.
- 2. Postpone any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Black Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT 'NORTH END LANDING'

Background & Purpose: The purpose of this petition is to document the opposition to the proposed multi housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Anamath. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in (and property owners owning property in) the area located between E Grand Blvd to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/22/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is meet.google.com/far-qtq-tpa. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 9/6/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

1. Not sell the following properties to Anamath and/or Vanguard Community Development Corporation: 239 South, 267 South, 271 South, 277 South, 299 South, 303 South, 307 South, 313 South, 319 South, 325 South, 329 South, 332 South, 306 South, 403 South, 7718 Brook, 7719 Brook, 7741 Brook, 7753 Brook, 130 Chandler, 525 E. PETITION TO OPPOSE PROPOSED DEVELOPMENT 'NORTH END LANDING'

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Annuah. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners owning property on the area located between E Grand Blvd to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/31/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/31/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permission to access the meetings is most google.com/for-ops-up. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 8/30/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- Not sell the following properties to Annuah and/or Vanguard Community Development Corporation: 259 South, 267 South, 271 South, 277 South, 299 South, 303 South, 307 South, 313 South, 319 South, 325 South, 7719 Brush, 328 South, 312 South, 306 South, 403 South, 7718 Brush, 7719 Brush, 7741 Brush, 7753 Brush, 330 Chandler, 323 E. Bellevue, 329 E. Bellevue, 333 E. Bellevue, 343 E. Bellevue, 353 E. Bellevue, 363 E. Bellevue for the time being.
- Propose any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT NORTH END LANDING

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Avanthu. The proposed development as of April 2021 includes 180 rental properties, primarily on Smith St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in (and property owners owning property in) the area located between E Grand Blvd. to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is meet.google.com/fur-qtq-tpa. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 8/30/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

- Not sell the following properties to Avanthu and/or Vanguard Community Development Corporation: 259 Smith, 267 Smith, 273 Smith, 277 Smith, 299 Smith, 303 Smith, 307 Smith, 313 Smith, 319 Smith, 325 Smith, 7719 Brush, 328 Smith, 332 Smith, 306 Smith, 405 Smith, 7718 Brush, 7719 Brush, 7741 Brush, 7753 Brush, 330 Chandler, 335 E Bethune, 329 E Bethune, 345 E Bethune, 355 E Bethune, 361 E Bethune for the time being.
- Prepone any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT NORTH END LANDING

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Asawash. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in (and property owners owning property in) the area located between E Grand Blvd to Chandler St and Woodroad to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is most google.com/jw-ppq-tpa. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 9/6/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

PETITION TO OPPOSE PROPOSED DEVELOPMENT "NORTH END LANDING"

Background & Purpose: The purpose of this petition is to document the opposition to the proposed infill housing development known as "North End Landing", which is being prepared by Vanguard Community Development Corporation in partnership with Avannah. The proposed development as of April 2021 includes 180 rental properties, primarily on Smith St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community most directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners owning property on the area located between E Grand Blvd to Chandler St and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remain strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The portal link to access the meetings is meet.google.com/far-epqg-ips. The next 6 consecutive Block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 8/30/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

1. Not sell the following properties to Avannah and/or Vanguard Community Development Corporation: 239 Smith, 267 Smith, 271 Smith, 277 Smith, 299 Smith, 303 Smith, 307 Smith, 311 Smith, 319 Smith, 323 Smith, 7719 Brush, 328 Smith, 332 Smith, 306 Smith, 403 Smith, 7718 Brush, 7719 Brush, 7741 Brush, 7753 Brush, 108 Chandler, 323 E. Beaubien, 329 E. Beaubien, 333 E. Beaubien, 343 E. Beaubien, 353 E. Beaubien, 363 E. Beaubien for the time being.
2. Postpone any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

WARNING: A person who knowingly signs this petition more than once, or signs a name other than his or her own is violating the provisions of the Michigan election law.

PETITION TO OPPOSE PROPOSED DEVELOPMENT NORTH END LANDING

Background & Purpose: the purpose of this petition is to document the opposition to the proposed multi housing development known as "North End Landing", which is being proposed by Vanguard Community Development Corporation in partnership with Anacosth. The proposed development as of April 2021 includes 180 rental properties, primarily on South St. The majority of the development is proposed for land that is currently owned by the Detroit Land Bank Authority, so this petition is primarily directed to the Detroit Land Bank Authority, but should serve as evidence of the extent to which the immediate community need directly affected by the development opposes the development. This Petition is being spearheaded by the Lower North End Block Club, which represents the majority of residents living in land property owners (existing property on the area located between F Grand Blvd. to Chandler St. and Woodward to Oakland Ave.

The Lower North End Block Club reviewed the current development proposal on 3/1/21. Subsequent revisions to the development plan are not adequate to address the community's concerns and the majority of residents offering public comment on 3/1/21, 3/23/21, 3/31/21, 4/5/21, and 4/8/21 remains strongly opposed to the development.

The Lower North End Block Club is a development-friendly block club that has endorsed several proposed developments since its inception. The membership of the Lower North End Block Club is available to review and endorse a revised development proposal at any block club meeting, which in accordance with bylaws are held the first Monday of each month. Meetings are held via Google Meet and are open to the public. The permalink to access the meetings is meet.google.com/fqo-tpq-qa. The next 6 consecutive block club meetings will take place on 5/3/21, 6/7/21, 7/5/21, 8/2/21, 9/6/21, and 10/4/21.

We, the undersigned, hereby petition the City of Detroit and the Detroit Land Bank Authority to:

1. Not sell the following properties to Anacosth and/or Vanguard Community Development Corporation: 239 South, 267 South, 271 South, 277 South, 299 South, 303 South, 307 South, 311 South, 319 South, 325 South, 329 South, 337 South, 341 South, 345 South, 349 South, 353 South, 357 South, 361 South, 365 South, 369 South, 373 South, 377 South, 381 South, 385 South, 389 South, 393 South, 397 South, 401 South, 405 South, 409 South, 413 South, 417 South, 421 South, 425 South, 429 South, 433 South, 437 South, 441 South, 445 South, 449 South, 453 South, 457 South, 461 South, 465 South, 469 South, 473 South, 477 South, 481 South, 485 South, 489 South, 493 South, 497 South, 501 South, 505 South, 509 South, 513 South, 517 South, 521 South, 525 South, 529 South, 533 South, 537 South, 541 South, 545 South, 549 South, 553 South, 557 South, 561 South, 565 South, 569 South, 573 South, 577 South, 581 South, 585 South, 589 South, 593 South, 597 South, 601 South, 605 South, 609 South, 613 South, 617 South, 621 South, 625 South, 629 South, 633 South, 637 South, 641 South, 645 South, 649 South, 653 South, 657 South, 661 South, 665 South, 669 South, 673 South, 677 South, 681 South, 685 South, 689 South, 693 South, 697 South, 701 South, 705 South, 709 South, 713 South, 717 South, 721 South, 725 South, 729 South, 733 South, 737 South, 741 South, 745 South, 749 South, 753 South, 757 South, 761 South, 765 South, 769 South, 773 South, 777 South, 781 South, 785 South, 789 South, 793 South, 797 South, 801 South, 805 South, 809 South, 813 South, 817 South, 821 South, 825 South, 829 South, 833 South, 837 South, 841 South, 845 South, 849 South, 853 South, 857 South, 861 South, 865 South, 869 South, 873 South, 877 South, 881 South, 885 South, 889 South, 893 South, 897 South, 901 South, 905 South, 909 South, 913 South, 917 South, 921 South, 925 South, 929 South, 933 South, 937 South, 941 South, 945 South, 949 South, 953 South, 957 South, 961 South, 965 South, 969 South, 973 South, 977 South, 981 South, 985 South, 989 South, 993 South, 997 South.
2. Propose any consideration for the sale of the above mentioned properties for purposes that are not endorsed by the Lower North End Block Club, which represents the majority of residents of the Lower North End.

Projects

North End Landing Brownfield Redevelopment Plan

Mr. Vosburg presented the North End Landing Brownfield Redevelopment Plan.

Project Introduction

Avanath North End Parcel Owner I, LLC is the project developer (“Developer”). The project is a residential development across eleven (11) buildings expected to create a total of approximately one hundred seventy-seven (177) new rental apartments and flats as well as eight (8) for-sale townhomes. Two larger buildings will be traditional 3-4 story apartment buildings dedicated to senior living. The remaining buildings will be attached, stacked flats (2-story) containing 6-14 units. It is currently anticipated that construction will begin in early 2024 and that eligible activities will be completed within thirty-six (36) months thereafter. Each building is anticipated to be constructed over a 9–12-month period with construction beginning on 4 buildings in 2024, 3 buildings in 2025, and 4 buildings in 2026.

The total investment is estimated to be \$43.4 million. The Developer is requesting \$7,646,475.00 in TIF reimbursement.

There will be approximately 200 temporary construction jobs and approximately 4 permanent jobs are expected to be created by the project.

Property Subject to the Plan

The eligible property (the “Property”) consists of twenty-five (25) parcels, which are bounded by Caniff Street to the north, I-75 to the east, E. Grand Boulevard to the south and Woodward Avenue to the west in North End neighborhood.

Basis of Eligibility

The Property is considered “eligible property” as defined by Act 381, Section 2 because (a) it was previously utilized for a commercial purpose; (b) is located within the City of Detroit, a qualified local governmental unit; and (c) the Property is “Facilities” as defined by Act 381; or (d) adjacent and contiguous to a parcel that is a “Facility” as defined by Act 381.

Eligible Activities and Projected Costs

The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Sec 2 of Act 381, because they include baseline environmental assessment activities, department specific activities, due care activities, site preparation, infrastructure improvements, interest, and the development, preparation and implementation of a brownfield plan and Act 381 Work Plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. The eligible activities are estimated to commence within 18 months of approval of the Plan and be completed within 3 years.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

COSTS TO BE REIMBURSED WITH TIF

1. Environmental Assessment Activities	\$107,455.00
2. Due Care Activities	\$2,485,381.00
3. Demolition	\$367,552.00
4. Asbestos Assessment and Abatement	\$20,000.00
5. Site Preparation	\$181,497.00
6. Infrastructure Improvements	\$1,933,049.00
7. Stormwater Management	\$229,150.00
8. Brownfield Plan & Work Plan	\$60,000.00
9. Contingency (15%)	\$782,494.00
10. Interest	\$1,479,897.00
Total Reimbursement to Developer	\$7,646,475.00
11. Authority Administrative Costs	\$1,580,759.00
12. State Brownfield Redevelopment Fund	\$871,350.00
13. Local Brownfield Revolving Fund	\$3,718,155.00
TOTAL Estimated Costs	\$13,816,739.00

The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Incentives

The Developer is seeking additional incentives, which includes local and/or state approval of a Neighborhood Enterprise Zone (PA 147) and a Commercial Rehabilitation Act (PA 210) Tax Abatements.

Public Comments

The joint DBRA and DBRA-CAC public hearing for the Plan was held on Monday, April 10, 2023 at 5:00pm via Zoom. The results of the DBRA public hearing were provided.

Attached for the CAC’s review and approval is a resolution recommending approval of the Plan.

Mr. Vosburg stated that there were approximately 40 members of the public in attendance at the public hearing for the Plan, with 9 members of the public who asked questions, 20 public comments were received with 10 of those in favor of the project and 10 in opposition to the project. Mr. Vosburg added that additional emails and letters regarding the Plan have been received and are included in the CAC’s materials, and additional letters of support were received since the CAC meeting on March 22, 2023 and those additional letters of support have been included in the Plan.

Mr. Razo called for general public comment and stated that each person would receive one minute to provide their public comment.

Pinky stated that she lives across the street from the Property and is opposed to the North End Landing project and that the Developer had told the community that the entire project would be privately funded but are now pursuing tax incentives for the project, and that the community engagement for the project was not sufficient.

Tyson Gersh stated he thinks the CAC should ask the Developer to make more changes to the North End Landing project to reflect the feedback from the community.

Dennis Talbert stated that he is a lifelong resident of Detroit, grew up in the North End neighborhood, and currently volunteers with the North End Youth Improvement Council, and he supports the North End Landing project and that the youth in the neighborhood are excited about the project and that this may be the first community project that is designed around a park.

Phillip Talbert stated that he is in support of the North End Landing project because it will bring multi-family housing back to the neighborhood, the development will bring retail back to the Oakland and Woodward Avenue corridors, and because the Developers are Detroit natives.

Quincy Jones stated that he is a lifelong resident of the North End neighborhood and that the North End Landing project has been discussed for a long time and he supports the project because of the new senior housing, and it will bring hope and residents back to the community and can serve as an example for new projects in other communities.

Patricia Dockery stated that her family has lived in the North End neighborhood since 1942 and she supports the North End Landing project and the work that Vanguard CDC is doing in the community, and she wants to see growth and blight elimination in the neighborhood.

Carla Phelps stated that as a member of the North End Youth Improvement Council and a resident of the North End neighborhood, she is in full support of the project and the investment that is happening in the neighborhood.

Mary Bennett King stated that she stands in firm support of the North End Landing project and that the Developer has incorporated feedback from the community in the project plans, and that the opposition to the project is not cooperating in productive conversations about the project.

Phillis Judkins stated that she has lived in the North End neighborhood since 1968 and she supports the North End Landing project, and she is happy the project includes housing for senior citizens.

Cindy Darrah stated that she lives in the Cass Corridor, and she opposes the North End Landing project because the feedback from the community was not incorporated into the project.

Patricia stated that she has lived in the North End neighborhood for 11 years and she supports the North End Landing project because of the housing for senior citizens and the redevelopment of vacant lots in the neighborhood.

Yolanda Eddins stated that she is in support of the North End Landing project because of the new residential units which will help to build the community and help support the businesses in the area.

Sheila Hamilton stated that she is a resident of the North End neighborhood and is in support of the North End Landing project and she would like for the project to get started on construction.

D.R. Castello stated that he is a lifelong resident of the North End neighborhood, President of the Men of the North End, and Vice President of the North End Neighbors Block Club, and he supports the North End Landing project, and that the neighborhood has historically had multi-family housing and the neighborhood needs more residents and the project will attract more businesses to the area.

Abby Brown stated that she is a resident of the North End neighborhood, and she supports the North End Landing project, and she is looking forward to the senior housing and the new residents to the area.

Citing no further public comment, Mr. Razo closed public comment.

Mr. Vosburg reviewed the actions available to the CAC on this item and the draft resolution in the committee book.

Mr. Razo called for a motion regarding the North End Landing Brownfield Redevelopment Plan, as presented.

Mr. Osbern made a motion to recommend approval of the North End Landing Brownfield Redevelopment Plan to the DBRA Board. Mr. Clay seconded the motion. DBRA-CAC Resolution Code 23-03-317-02 was approved.

Mr. Vosburg called the meeting to order at 5:05 PM.

Mr. Vosburg gave an overview of the structure of the public hearing and provided instructions to participants on how to utilize the Zoom software to ask questions and/or provide public comment.

Mr. Vosburg informed the hearing of the way tax increment financing works, the structure of the Detroit Brownfield Redevelopment Authority, and the tax increment financing request per the Brownfield Plan.

Mr. McDonald provided additional details about the Developer and the project including the partnerships with Vanguard CDC and Tekton Development, the use of Detroit-based firms for the architectural services and environmental services, the engagement with the Housing and Revitalization Department regarding the use of Section 8 vouchers for the project, the design of the development to blend with the current

housing structures in the community, the community engagement conducted for the project and the efforts to respond to concerns from the community including the inclusion of for-sale residential units, the preference for local Detroit residents for the affordable residential units, the addition of greenspace in the development, programming for art in the area, the creation of a \$100,000 fund for small businesses in the North End neighborhood, \$3,000 to the property owners adjacent to the Property for exterior improvements to their homes, programming for art in the area, and covered the anticipated construction timeline for the project including the phasing of the project so as to limit the impacts of the construction and the influx of new residential units. Mr. McDonald added that the anticipated rental rates for the affordable units will be studios at \$1,050 per month and the two-bedroom units at \$1,500 per month, and the market rate studio units will be \$1,250 per month and the two-bedroom units will be \$2,200 per month.

Mr. Vosburg opened the Question-and-Answer segment of the public hearing and stated that questions will be limited to one minute per person.

Pinky asked for clarification on the tax capture under the Plan and if the project is supposed to increase the number of residents and the increase the tax base of the City, why the Developer will not be paying taxes for the first 30 years of the development. Mr. Vosburg stated that the Developer will be paying property taxes for the first 30 years of the project and that those property taxes will increase after the project is constructed, but through the tax increment financing (TIF) under the Plan, a portion of that increase in property taxes will be reimbursed to the Developer for Eligible Costs for an estimated 20 years. Mr. McDonald added that the Developer intends to leverage economic development tools available for the project which includes the TIF as well as property tax abatements but would not be seeking any direct public funding for the project.

Tyson Gersh stated that he is a property owner and business owner in the neighborhood, and asked why the Developer is pursuing the development in the North End neighborhood given the controversy that has erupted as a result of the proposed project. Mr. McDonald stated that he has been looking to invest in the City of Detroit for some time and was approached by the CEO of Vanguard CDC about a project in this location and after reviewing the proposed plans for the project, the Developer thought it was a good fit and saw an opportunity to develop an area of the City that is outside of Downtown and Midtown areas and believe that the project will serve as a catalyst for further investment in the neighborhood.

Quincy asked what the parking plans are for the project and if the parking for the future residents will be located off the streets. Mr. McDonald stated that there will be off-street parking located behind the residential structures for the residents to avoid on-street parking.

Joanne Warwick asked why the public hearing was not being held in-person, and why the planning of the project has not been inclusive of all residents near the Property and why there was not a planning study done in the neighborhood. Mr. McDonald stated that the Developer has spent a significant amount of time meeting with residents and community organizations in the neighborhood to discuss the project and receive feedback and he understands that not everyone in a community will agree on a new development and the Developer has made an effort to incorporate feedback from the community in the plans for the project. Mr. Vosburg stated that because there is not a meeting of a public body, the public hearing is not required to be held in person, and that the DBRA has experienced an increase in attendance for public hearings since holding them online.

Community Engagement asked if the parking will be accessible from the street or through the alley given the concerns of neighboring residents about damage to their properties due to the increased traffic in the alleys, and asked what will be done for the community in terms of greenspace. Mr. McDonald stated that the parking will be accessed through the alleys in compliance with codes from the Planning and

Development Department, and that the greenspace in the project has been increased to about 30% of the project.

Linda Boyd asked for more information on how the residential units will be filled and if there will be any regulation on the residential units to prevent them from being used as Airbnb units. Mr. McDonald stated that there was a market study conducted on residential occupancy in the area and the Developer is confident that the residential units will be filled, and that the terms of the leases on the residential units will be at least 12 months and that the Developer is not in the business of providing Airbnb units.

Yolanda Eddins asked what the makeup of residential units is expected to be given the desire to attract and maintain families in the neighborhood. Mr. McDonald stated that the bulk of the residential units will be for senior residents with 82 multifamily units which will be studios, one-bedroom and two-bedroom units.

Cindy Darrah asked if there will be any improvements made to the combined water and sewage system in the neighborhood as part of the project and asked for more information on the environmental remediation to be conducted on the Property. Mr. Vosburg stated that there have been environmental studies conducted on the Property to determine the extent of environmental remediation needed and that approximately \$2.5M of the \$7.6M in TIF is for environmental remediation activities. Mr. Barr added that there are stormwater management systems planned for the project which will lessen the amount of rainwater going into the City's water system.

Joeleosmith stated that he is happy to see the North End Landing project and asked if the project will have an impact on the sewer drainage issues that are occurring further north on Brush Street. Mr. McDonald stated that the Great Lakes Water Authority is performing work near the Property but isn't sure how that will impact the properties further north on Brush Street.

Citing no additional questions, Mr. Vosburg closed out the Question-and-Answer segment and opened the floor for public comment stating that public comments would be limited to one minute per person.

Phillis Judkins stated that she has lived in the North End neighborhood since 1978 and is in support of the North End Landing project because it will bring more housing for seniors in the area as well as additional families.

Joanne Warwick stated that she is opposed to the project because of the disingenuous community engagement conducted for the project, and that the planning study should've been conducted prior to the project being planned, and that she would be open to meeting with the Developer to discuss the project since she is an impact resident.

Laura Kraftowicz stated that if the Developer is going to receive public funding for the project, then feedback from the community should be included in the project including the desire for more residential units that will be for-sale instead of rental units.

Phil Talbert stated that he has been a volunteer in the North End community for 40 years and that he supports the project that he believes will bring the neighborhood vitality that it used to have.

Cindy Darrah stated that the water and sewer system should be separated, and the stormwater should go into cisterns for the Michigan Urban Farming Initiative to use and that the proposed levels of affordability for the residential units isn't accessible for current Detroit residents.

Joeleosmith stated that he supports the project and thinks that it will help improve the North End neighborhood and will attract more businesses to the area.

Sarah Pavelko stated that she was a resident of the North End neighborhood for 20 years and recently moved out of the neighborhood because she was tired of being attacked by feral dogs in the area which are a result of the amount of vacant land in the area and that she supports the project and any project that will develop the vacant land, and added that she continues to own property in the neighborhood and looks to continue her investment and thanked the Developer for their efforts in talking to the community about the project.

Linda Boyd stated that she lives across the street from Delores Bennett Park and that street parking near the park in the summer is overwhelmed and an issue that needs to be resolved before the project is constructed and adds more demand for parking in the area and doesn't think that the project should receive tax incentives.

Quincy stated that he is a resident of the North End and supports the project that will bring more residents to the neighborhood and that there is a need for more families in the area.

Reghan stated that she is a Gen Z member and supports the project and thinks it will be good for the neighborhood.

Ronald Glover stated he has concerns about the current taxpayers in the area being taxed out of the neighborhood as a result of the project.

Perry's iPhone stated that he represents First Independence Bank and that they support the project in the area because of its new housing for seniors and affordable residential units.

Nathaniel stated that he does not support the project because the Developer did not incorporate enough residential units for-sale after receiving feedback from the community.

Community Engagement stated that she is against the project and that the Developer has not engaged residents that live adjacent to the Property to take their feedback into account and that the Developer is not listening to what the community has to say about the project.

Pinky Jones stated that she is against the project because she thinks the Developer has been exploitive and patronizing to the community about the project and that tax incentives should not be approved for the project.

Dennis Talbert stated that on behalf of the young people in the neighborhood, he is in support of the project and the new possibilities that the project will bring to the area.

Phone number ending in 4763 stated that she is a property owner on Smith Street and that she is not opposed to new development in the community, but that the project needs to be reconfigured because there are too many people in the neighborhood that oppose the project and there should be a compromise with the community about the project.

Tyson Gersh stated that he has been living in the area for 12 years and his big issue with the project is that 600 people signed a petition for the Detroit Land Bank Authority (DLBA) not to sell the properties to the Developer for the project and that the changes the community has asked for the project have not been included.

Mary Bennett King stated that she represents the North End Youth Improvement Council and that she applauds neighbors for moving into the neighborhood but there are too many vacant lots in the neighborhood that need to be redeveloped to bring life back to the neighborhood and thanked the Developer for their efforts for the project.

Yolanda Eddins stated that she supports the project and thinks the neighborhood needs to attract more residents and families to the community and that she would like to see ongoing community engagement for the project.

Citing no additional public comments, Mr. Vosburg restated that written public comments can be submitted to Cora Capler via email at ccapler@degc.org to be included in the minutes of the public hearing, and then closed the public hearing at 6:23 PM.

Subject: North End Landing Proposed Project

Dear DEGC members,

I am writing to express my opposition to the Brownfield Plan for the North End Landing project in Detroit. I believe that this project is not in the best interests of the community and will have a negative impact on the surrounding area.

First of all, the project is not well-suited to the neighborhood. The North End is a historic and vibrant community with a strong sense of identity. The proposed development would be out of scale with the surrounding area and would destroy the character of the neighborhood.

Secondly, the project would displace many residents. The North End is home to a large number of low-income residents, many of whom are elderly or have disabilities. The proposed development would force these residents to move, disrupting their lives and communities.

Thirdly, the project would have a negative impact on the environment. The site of the proposed development is currently home to a number of brownfield sites, which are contaminated with hazardous materials. The developer has not provided adequate plans for the cleanup of these sites, and I am concerned that the project will only further pollute the environment.

Finally, I believe that the project is not financially viable. The developer has not provided a realistic budget for the project, and I am concerned that the city and the taxpayers will be left with the bill if the project fails.

For these reasons, I urge you to vote against the Brownfield Plan for the North End Landing project. I believe that this project is not in the best interests of the community and will have a negative impact on the surrounding area.

Thank you for your time and consideration.

Sincerely,

Linda Boyd

WHEREAS, pursuant to 381 PA 1996, as amended (“Act 381”), the City of Detroit Brownfield Redevelopment Authority (the “DBRA”) has been established by resolution of the City Council of the City of Detroit (the “City Council”) for the purpose of promoting the revitalization of environmentally distressed areas in the City of Detroit; and

WHEREAS, under Act 381 the DBRA is authorized to develop and propose for adoption by City Council a brownfield plan for one or more parcels of eligible property; and

WHEREAS, in accordance with the policies, procedures and bylaws governing the DBRA, the DBRA has submitted a proposed Brownfield Plan for the **North End Landing Redevelopment Project** (the “Plan”) to the Community Advisory Committee for its consideration and comment and has solicited comments by the public by publication of notice stating that the proposed Plan has been submitted to the Community Advisory Committee and by conducting a public hearing in the area to which the proposed Plan applies; and

WHEREAS, the Community Advisory Committee has considered the proposed Plan and approved a resolution recommending the approval of the proposed Plan by the DBRA and the City Council as presented by the DBRA; and

WHEREAS, in accordance with the provisions of Act 381, the Board of Directors of the DBRA has considered the proposed Plan and desires to approve the proposed Plan and to request that City Council call a public hearing to consider and adopt a resolution approving the proposed Plan.

NOW, THEREFORE, BE IT RESOLVED:

1. The Board of Directors of the DBRA has determined that the adoption of the Brownfield Plan for the **North End Landing Redevelopment Project** is in keeping with the purposes of Act 381 and recommends submittal of the Plan to City Council for approval.
2. The Board of Directors of the DBRA approves the Plan substantially in the form attached hereto and on file with the Secretary of the DBRA.
3. Any Authorized Agent of the DBRA is authorized and directed to submit a certified copy of this Resolution and the Plan to the City Clerk, together with a request that the City Council call a public hearing concerning the Plan and to take all other actions required to approve the Plan in accordance with Act 381.
4. That any one of the officers and any one of the Authorized Agents of the DBRA or any two of the Authorized Agents of the DBRA shall hereafter have the authority to negotiate and execute all documents, contracts, or other papers, and take such other actions, necessary or appropriate to implement the provisions and intent of this Resolution on behalf of the DBRA.

5. That all of the acts and transactions of any officer or authorized agent of the DBRA, in the name and on behalf of the DBRA, relating to matters contemplated by the foregoing resolutions, which acts would have been approved by the foregoing resolutions except that such acts were taken prior to execution of these resolutions, are hereby in all respects confirmed, approved and ratified.

6. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are rescinded.

**RESOLUTION APPROVING BROWNFIELD PLAN
OF THE CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY
FOR THE NORTH END LANDING REDEVELOPMENT PROJECT**

City of Detroit
County of Wayne, Michigan

WHEREAS, pursuant to 381 PA 1996, as amended (“Act 381”), the City of Detroit Brownfield Redevelopment Authority (“Authority”) has been established by resolution of the City Council of the City of Detroit (the “City”) for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed Brownfield Plan for the North End Landing Redevelopment Project (the “Plan”); and

WHEREAS, the Authority submitted the Plan to the Community Advisory Committee for consideration on March 22, 2023, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on April 10, 2023 to solicit comments on the proposed Plan; and

WHEREAS, the Community Advisory Committee recommended approval of the Plan on April 12, 2023; and

WHEREAS, the Authority approved the Plan on April 26, 2023 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, the required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

WHEREAS, the City Council held a public hearing on the proposed Plan on June 22, 2023.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

“Eligible Activities” or “eligible activity” shall have the meaning described in Act 381.

“Eligible Property” means the property designated in the Plan as the Eligible Property, as described in Act 381.

“Plan” means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

“Taxing Jurisdiction” shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381.

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk’s office.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property,

excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund; Approval of Depository. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depository bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Brownfield Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this Resolution and Plan. The City makes no guarantees or representations as to the

ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226
