Memorandum

TO: David Whitaker, Legislative Policy Division

THROUGH: Mary Sheffield, City Council President

FROM: Mary Waters, Councilmember At-Large

RE: Opportunities to Sanction Contractors with Bad Business Practices in Demolitions

- Please let us know what options exist within City statutes and policies to extend sanctions to potential contractors who have a history of engaging in bad business practices, including poor financial management (ex. defaulting on federal loans, etc)
- Please let us know any contractors with current demolition contracts who have any outstanding loans that they are in default on, either private or government.

With best regards,

Mary Waters
