RE: Comparative Analysis of Strip Club Located in Downtown Areas of the Top Ten Major Cities and in Detroit

The Neighborhood and Community Services Standing Committee is planning to discuss issues concerning strip club locations. I am requesting that Mr. Whittaker begin the process of conducting a comparative analysis of strip club located in downtown areas of the top ten major cities in the United States and those located in downtown Detroit.

Please highlight the similarities and differences in zoning laws, density and community impacts. Indicate specifically how many strip clubs are located in downtown areas of other cities compared to downtown Detroit.

Thank you.
