

Melisa Taylor,

**Address** 2667 west Grand Boulevard

As a resident of district 5, I am excited for the new development happening in my district. This health development project can benefit residents by improving access to healthcare services, enhancing overall well-being, and potentially boosting productivity.

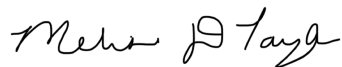

This development project will bring:

- More job opportunities
- Strengthen the health system
- Positively changes the economy for residents and business owners.
- Gentrification in the district will create a reverberating impact overall
- Increased property value for homeowners in the area
- Create a more vibrant neighborhood/community and affordable housing in a historic district

Because of all the benefits I listed above, I support this new development happening in my district. Please consider this as my letter of support for this new development.

Sincerely,

Melisa Taylor

A handwritten signature in black ink that reads "Melisa Taylor". The signature is written in a cursive style with a large initial "M" and a stylized "T".
