RE: Questions regarding Viaduct Lighting

---

Please provide a detailed response to the following questions pertaining to lighting on neighborhood streets.

1. We understand that the Public Lighting Authority has received the materials for the viaduct on Vinewood and Magnolia in District 6. Have those been put in yet? If not, when will this happen?
2. Residents have complained that the streetlights are not very bright at night. What is causing this and how can it be fixed?

Please do not hesitate to contact my office if you have any questions. Thank you.
