By Council Member _____

Resolution to Convert a 160 Foot Segment of St. Martins to One Way Westbound

WHEREAS, the Department of Public Works (DPW) became aware of residents' concerns raised by residents in Sherwood Forest of vehicles parking and blocking driveways along the segment of St. Martins, between Livernois and Warrington, and

WHEREAS, DPW received a petition from residents on Warrington street, abutting St. Martins, requesting that the referenced street segment be converted to one way to facilitate an elimination of these illegal parking activities, and

WHEREAS, DPW investigated these concerns, and concurred that converting the 160-foot segment of St. Martins to one way westbound will have a positive impact on mitigating the residents' concerns, and will have no overall negative impact on traffic flow throughout the community, and

WHEREAS, the one-way conversion does not require any costly geometric configuration changes by the Department of Public Works, and agrees to install the appropriate traffic control signs to establish the on-way conversion, and **THEREFORE BE IT**

RESOLVED, that the Department of Public Works is hereby authorized and directed to convert 160-foot-long section of St. Martins to a one-way going westbound between Warrington Street and extend to the alley that runs between Warrington Street and Livernois Avenue, and

BE IT FURTHER RESOLVED, that this conversion of 160-foot-long section of St. Martins to a one-way going westbound between Warrington Street and extend to the alley that runs between Warrington Street and Livernois Avenue be contingent upon the approval of this resolution by the Honorable City Council.

MICHAEL DUGGAN, MAYOR
