# ShotStoppers Participants

487

**Number of Participants So Far  
Across All Groups  
since August 1<sup>st</sup>, 2023**

## Key Takeaways

**“Participant” means an individual working with the CVI group on an ongoing, recurring basis**

- Participants are typically individuals at risk of involvement in violence or affected by violence and trying to recover
- Each group defines “participant” differently based on the specific activities and strategy they are implementing

**Number of participants grew rapidly from August through October, as many groups conduct community outreach**

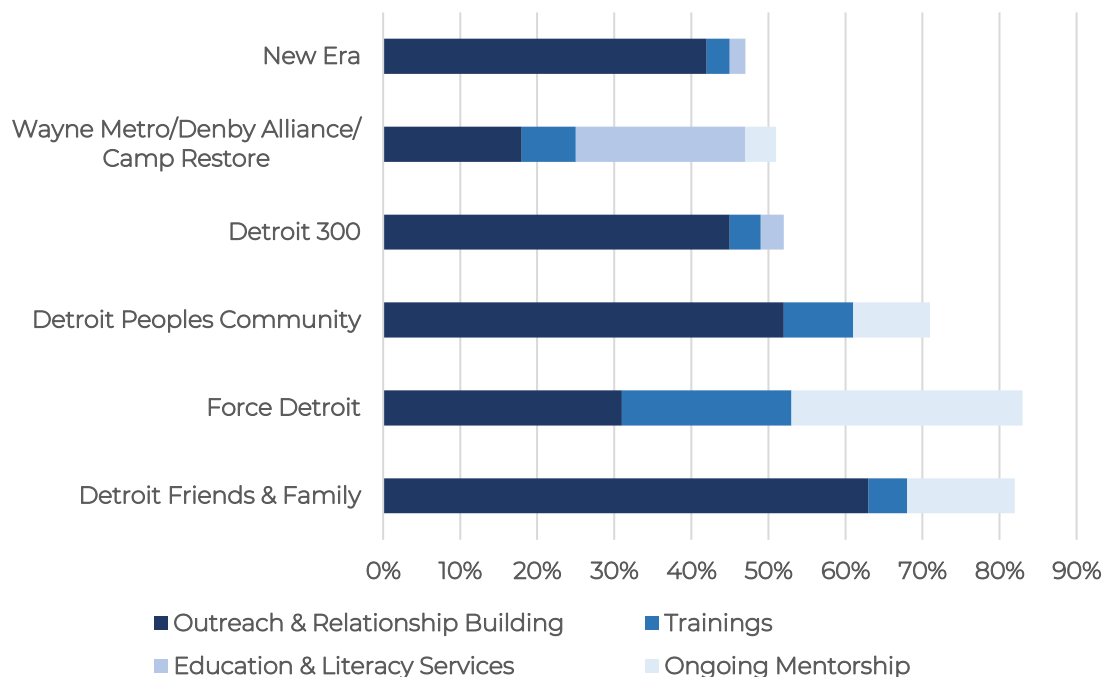

- While participants come from diverse backgrounds, many are ages 16 to 30, with high numbers of young men and of parents seeking resources
- Some of the most common participant services across the groups has been violence interruption-outreach/relationship building, ongoing mentorship, and relocation.
