### **NOTICE OF PUBLIC HEARING**

A public hearing will be held by the Detroit City Planning Commission in the Committee of the Whole Room, 13th Floor, Coleman A. Young Municipal Center, 2 Woodward Avenue, Detroit, Michigan 48226 at the date and time listed below. Virtual attendance is strongly encouraged as, pursuant to public health guidelines, the meeting room may be subject to space limitations. To attend the meeting virtually, please use the link toward the end of this notice.

### **THURSDAY, FEBRUARY 16, 2023, AT 5:15 PM**

The public hearing is to consider the request of Joseph Nikollaj and the Detroit City Planning Commission to amend Article XVII, Section 50-17-78, District Map No. 76 of the 2019 Detroit City Code, Chapter 50, Zoning, to show a M2 (Restricted Industrial District) zoning classification where a R1 (Single-Family Residential District) zoning classification is currently shown at 19500 and 19536 W. Davison Street generally bounded by Schoolcraft Street to the north, Auburn Street to the west, Minock Street to the east, and W. Davison Street to the south. The location of the proposed rezoning is indicated as the shaded area on the accompanying map.

The proposed map amendment is being requested to permit the existing commercial building to be utilized as a Marijuana Grower Facility. The existing R1 zoning classification does not allow for commercial uses, though the existing structure is not a residential building.

#### **R1 – Single-Family Residential**

This district protects and preserves quiet, low-density residential areas now primarily developed and those areas which will be developed with single-family detached dwellings and characterized by a high ratio of home ownership. The regulations for this district are designed to stabilize and protect the essential characteristics of the district and to promote and encourage a suitable environment for activities associated with family life. To these ends, development is limited to a relatively low concentration and uses permitted by right are limited to single-family detached dwellings which provide homes for the residents of the area. Additional residential uses such as religious institutions, neighborhood centers, and utility uses necessary to serve the immediate area may be permitted on a conditional basis.

#### **M2 – Restricted Industrial**

This district provides for a wide range of industrial and related uses which can function with a minimum of undesirable effects. Industrial establishments of this type provide a buffer between residential districts and intensive industrial districts. New residential construction is excluded from this district with the exception of loft conversions of existing buildings and of residential uses combined in structures with permitted commercial uses. These requirements are both to protect residences from an undesirable environment and to ensure reservation of adequate areas for industrial development.

Zoning Ordinance amendments require approval by the City Council following a separate public hearing conducted by the Council. The Council considers the matter upon receipt of a report and recommendation from the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Divisions 2, 3 and 4 of Chapter 50 of the 2019 Detroit City Code, the Detroit Zoning Ordinance.

All interested persons are invited to be present and be heard as to their views. Persons making oral presentations are encouraged to submit written copies, for the record, to the City Planning Commission via U.S. Mail at the above address or e-mail at [cpc@detroitmi.gov](mailto:cpc@detroitmi.gov). Public comment/testimony may be given at the appropriate times when called for during the meeting.
