

**DETROIT POLICE DEPARTMENT EMERGENCY METAL
DETECTOR RENTAL FOR 2024 GRAND PRIX**

May 16, 2024

Pursuant to Section 17-5-91 c, The Purchasing Director, without prior approval of the City Council, may make, or authorize others to make, an emergency procurement when public exigencies require the immediate delivery of articles or performance of services or when there exists a threat to public health, welfare or safety under emergency conditions where prior approval of the City Council would be impossible or impracticable under the circumstances.

The following request is an emergency PO for the rental of Evolv Outdoor Next Generation Metal Detection Systems. The City of Detroit will be hosting the 2024 Grand Prix between the dates of 5/29/2024 – 6/2/2024. A rental of additional six Evolv Outdoor Next Generation Metal Detection Systems will be needed for this major event being held in Detroit. The screening systems are mobile and allow placement at various venue or facility locations indoors or outdoors. The City of Detroit will be sponsoring this very large event and will need this precise technology to enhance security and prevent vulnerabilities. The use of metal detection systems and prevention of bringing in weapons into these areas will result in a safe and positive outcome. For this request, Event Metal detectors will rent this equipment to the city at a better rate than the manufacturer Evolve.
