RE: Memo Request for Opinion and Process for Recognizing Juneteenth

SUMMARY:

At a formal session on Tuesday, May 21st, a public commenter urged the Council to commemorate Juneteenth by raising the Juneteenth Flag at the Coleman A. Young Municipal Center every June 19th. As Detroit is a majority Black city, recognizing and honoring Juneteenth in an official capacity is particularly significant.

I am requesting that the Legislative Policy Division, CRIO Department, and HR Department provide their opinions on the feasibility of this, and outline the process for establishing it. If this is not possible, please explore alternative ideas for how the City can officially commemorate Juneteenth.
