**TO:** Detroit City Council  
**FROM:** David Whitaker, Director   
Legislative Policy Division  
**DATE:** August 2, 2024  
**RE:** Detroit Land Bank Authority NAP and Buy Back

The Legislative Policy Division (LPD) has been requested by Council Member Mary Waters to provide a report regarding the Detroit Land Bank Authority's (DLBA) Nuisance Abatement Program (NAP) and Buy Back Program. The request is for the following:

Please provide the following information for every property that was taken by the Detroit Land Bank Authority as part of the Nuisance Abatement Program over the past ten (10) years:

- How many properties were taken?
- When the first notices were given of violations and when the property was finally taken?
- What violation(s) were specifically levied against each property?
- What the addresses of each property are?
- What the current statuses of the properties are (sold, on DLBA roster, etc.)?
- Any contact information for the owners of the properties that were taken?

Please provide the following budget information for the Buy Back program administration as it was not detailed in the DLBA's budget submission:

- How much does it cost, in total, for the DLBA to administer the Buy Back program?

- How many staff members work on the program?
- What other costs, beyond staff time, are incurred in administering the program?

LPD notes that the data and information requested is confined within the purview of the DLBA. The information was also requested specifically from the DLBA. Attached are the answers obtained from the DLBA, however, the manner in which the information is formatted may not provide the specificity Council Member Waters requires. If that is the case, LPD recommends, City Council request the DLBA come to the table to provide further information.

If we can be of further assistance please call upon us.

TO: David Whitaker, Legislative Policy Division  
Mary Waters, Councilmember At-Large

THRU: Mary Sheffield, City Council President

FROM: Tammy Daniels, CEO, Detroit Land Bank Authority

DATE: July 23, 2024

RE: Questions Regarding DLBA NAP and Buy Back

---

In response to the questions received from David Whitaker on Thursday, July 18, 2024, the DLBA submits the following responses:

Question: Please provide the following information for every property that was taken by the Detroit Land Bank Authority as part of the Nuisance Abatement Program over the past ten (10) years:

- How many properties were taken
- When the first notices were given of violations and when the property was finally taken
- What violations were specifically levied against each property
- What the addresses of each property are
- What the current statuses of the properties are (sold, on DLBA roster, etc)
- Any contact information for the owners of the properties that were taken

Answer: *Please see attached documents in response to the questions above.*

Question: Please provide the following budget information for the Buy Back program administration as it was not detailed in the DLBA's budget submission:

- How much does it cost, in total, for the DLBA to administer the Buy Back program?
- How many staff members work on the program?
- What other costs, beyond staff time, are incurred in administering the program

Answer:

*The annual cost to operate all Occupied Programs at the Detroit Land Bank Authority is roughly \$795,000. These costs include a total of 6 FTEs for the operation of the program. Other programmatic costs include: Inspections, postage, postcards and mailings, security, legal proceedings and non-profit agreements for homebuyer counseling.*

*With this limited funding, since inception, the DLBA has successfully created over 1,100 housing opportunities for Detroiters who participated in the Buy Back program. Additionally, through the Occupied Property Disposition Program, the DLBA also facilitated the sale and rehab of over 150 structures.*
