12. During the project period, the GRANTEE shall obtain prior written authorization from the DEPARTMENT before adding, deleting, or making a significant change to any of the project facilities as proposed. Approval of changes is solely at the discretion of the DEPARTMENT. Furthermore, following project completion, the GRANTEE shall obtain prior written authorization from the DEPARTMENT before implementing a change that significantly alters the project facilities as constructed and/or the project area, including but not limited to discontinuing use of a project facility or making a significant change in the recreational use of the project area. Changes pursuant to this Section may also require prior approval of the SERVICE.
13. All project facilities constructed or purchased by the GRANTEE under this Agreement shall be placed and used at the project area and solely for the purposes specified in the application and this Agreement.
14. The project area and all facilities provided thereon and the land and water access ways to the project facilities shall be open to the general public at all times on equal and reasonable terms. No individual shall be denied ingress or egress thereto or the use thereof on the basis of sex, race, color, religion, national origin, residence, age, or disability.
15. Unless an exemption has been authorized by the DEPARTMENT, and as appropriate the SERVICE, pursuant to this Section, the GRANTEE hereby represents that it possesses fee simple title, free of all liens and encumbrances, to the project area. The fee simple title acquired shall not be subject to: (a) any possibility of reversion or right of entry for condition broken or any other executory limitation which may result in defeasance of title or (b) to any reservation or prior conveyance of coal, oil, gas, sand, gravel or other mineral interests.
16. The GRANTEE shall not allow any encumbrance, lien, security interest, mortgage, or any evidence of indebtedness to attach to or be perfected against the project area or project facilities included in this Agreement.
17. None of the project area nor any of the project facilities constructed under this Agreement shall be wholly or partially conveyed during the life of the project, either in fee or otherwise or leased for a term of years or for any other period, nor shall there be any whole or partial transfer of the lease title, ownership, or right of maintenance or control by the GRANTEE except with the written approval and consent of the DEPARTMENT and the SERVICE.
18. The assistance provided to the GRANTEE as a result of this Agreement is intended to have a lasting effect on the supply of outdoor recreation, scenic beauty sites, and recreation facilities beyond the financial contribution alone and permanently commits the project area to Michigan's outdoor recreation estate, therefore:
  - a. The GRANTEE agrees that the project area or any portion thereof will not be converted to other than public outdoor recreation use without prior written approval by the DEPARTMENT and the SERVICE and implementation of mitigation approved by the DEPARTMENT and the SERVICE, including, but not limited to, replacement with land of equal or greater recreational usefulness and market value.
  - b. Approval of a conversion shall be at the sole discretion of the DEPARTMENT and the SERVICE.
  - c. Before completion of the project, the GRANTEE, the DEPARTMENT, and the SERVICE may mutually agree to alter the project area through an amendment to this Agreement to provide the most satisfactory public outdoor recreation area.
19. Should title to the project area or any portion thereof be acquired from the GRANTEE by any other entity through exercise of the power of eminent domain, the GRANTEE agrees that the proceeds awarded to the GRANTEE shall be used to replace the lands and project facilities affected with outdoor recreation lands and project facilities of at least equal or greater market value, and of equal or greater usefulness and locality. The DEPARTMENT and the SERVICE shall approve such replacement only upon such conditions as it deems necessary to assure the substitution of GRANTEE of other outdoor recreation properties and project facilities of at least equal or greater market value and of equal or greater usefulness and location. Such replacement shall be subject to all the provisions of this Agreement.
20. The GRANTEE acknowledges that:
  - a. The GRANTEE has examined the project area and that it has found the property to be safe for public use or that action will be taken by the GRANTEE before beginning the project to assure safe use of the property by the public, and
  - b. The GRANTEE is solely responsible for development, operation, and maintenance of the project area and project facilities, and that responsibility for actions taken to develop, operate, or maintain the property is solely that of the GRANTEE, and
  - c. The DEPARTMENT'S involvement in the premises is limited solely to the making of a grant to assist the GRANTEE in developing the project site.

21. The GRANTEE assures the DEPARTMENT that the proposed State-assisted action will not have a negative effect on the environment and, therefore, an Environmental Impact Statement is not required.
22. The GRANTEE hereby acknowledges that this Agreement does not require the State of Michigan or the federal government to issue any permit required by law to construct the outdoor recreational project that is the subject of this Agreement. Such permits include, but are not limited to, permits to fill or otherwise occupy a floodplain, and permits required under Parts 301 and 303 of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, as amended. It is the sole responsibility of the GRANTEE to determine what permits are required for the project, secure the needed permits, and remain in compliance with such permits.
23. Before the DEPARTMENT will approve plans, specifications, or bid documents; or give approval to the GRANTEE to advertise, seek quotes, or incur costs for this project, the GRANTEE must provide documentation to the DEPARTMENT that indicates either:
  - a. It is reasonable for the GRANTEE to conclude, based on the advice of an environmental consultant, as appropriate, that no portion of the project area is a facility as defined in Part 201 of the Michigan Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, as amended; or
  - b. If any portion of the project area is a facility, documentation that Department of Environment, Great Lakes and Energy-approved response actions have been or will be taken to make the site safe for its intended use within the project period, and that implementation and long-term maintenance of response actions will not hinder public outdoor recreation use and/or the resource protection values of the project area.
24. If the DEPARTMENT determines that, based on contamination, the project area will not be made safe for the planned recreation use within the project period, or another date established by the DEPARTMENT in writing, or if the DEPARTMENT determines that the presence of contamination will reduce the overall usefulness of the property for public recreation and resource protection, the grant may be cancelled by the DEPARTMENT with no reimbursement made to the GRANTEE.
25. The GRANTEE shall acquire and maintain, or cause to be acquired or maintained, insurance which will protect the GRANTEE from claims which may arise out of or result from the GRANTEE'S operations under this Agreement, whether performed by the GRANTEE, a subcontractor or anyone directly or indirectly employed by the GRANTEE, or anyone for whose acts any of them may be liable. Such insurance shall be with companies authorized to do business in the State of Michigan in such amounts and against such risks as are ordinarily carried by similar entities, including but not limited to public liability insurance, worker's compensation insurance or a program of self-insurance complying with the requirements of Michigan law. The GRANTEE shall provide evidence of such insurance to the DEPARTMENT at its request.
26. Nothing in this Agreement shall be construed to impose any obligation upon the DEPARTMENT or the SERVICE to operate, maintain or provide funding for the operation and/or maintenance of any recreational facilities in the project area.
27. The GRANTEE hereby represents that it will defend any suit brought against either party which involves title, ownership, or specific rights, including appurtenant riparian rights, of any lands connected with or affected by this project.
28. The GRANTEE is responsible for the use and occupancy of the premises, the project area, and the facilities thereon. The GRANTEE is responsible for the safety of all individuals who are invitees or licensees of the premises. The GRANTEE will defend all claims resulting from the use and occupancy of the premises, the project area and the facilities thereon. The DEPARTMENT is not responsible for the use and occupancy of the premises, the project area, and the facilities thereon.
29. Failure by the GRANTEE to comply any of the provisions of this Agreement shall constitute a material breach of this Agreement.
30. Upon breach of the Agreement by the GRANTEE, the DEPARTMENT, in addition to any other remedy provided by law, may:
  - a. Terminate this Agreement; and/or
  - b. Withhold and/or cancel future payments to the GRANTEE on any or all current recreation grant projects until the violation is resolved to the satisfaction of the DEPARTMENT; and/or
  - c. Withhold action on all pending and future grant applications submitted by the GRANTEE under the Land and Water Conservation Fund, the Michigan Natural Resources Trust Fund, and the Recreation Passport Grant Program;

CFDA 15.916 Outdoor Recreation, Acquisition, Development & Planning  
Land and water Conservation Fund Development Project Agreement

and/or

- d. Require the GRANTEE to pay penalties or perform other acts of mitigation or compensation as directed by the DEPARTMENT or the SERVICE; and/or
  - e. Require repayment of grant funds paid to GRANTEE; and/or
  - f. Require specific performance of the Agreement.
31. This Agreement may be canceled by the DEPARTMENT, upon 30 days written notice, due to Executive Order, budgetary reduction, other lack of funding, upon request by the GRANTEE, or upon mutual agreement by the DEPARTMENT and GRANTEE. The DEPARTMENT may honor requests for just and equitable compensation to the GRANTEE for all satisfactory and eligible work completed under this Agreement up until 30 days after written notice, upon which time all outstanding reports and documents are due to the DEPARTMENT and the DEPARTMENT will no longer be liable to pay the GRANTEE for any further charges to the grant.
32. The GRANTEE agrees that the benefit to be derived by the State of Michigan from the full compliance by the GRANTEE with the terms of this Agreement is the preservation, protection and net increase in the quality of public recreation facilities and resources which are available to the people of the State and of the United States and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the State of Michigan by way of assistance under the terms of this Agreement. The GRANTEE agrees that after final reimbursement has been made to the GRANTEE, repayment by the GRANTEE of grant funds received would be inadequate compensation to the State for any breach of this Agreement. The GRANTEE further agrees therefore, that the appropriate remedy in the event of a breach by the GRANTEE of this Agreement after final reimbursement has been made shall be the specific performance of this Agreement
33. The GRANTEE shall return all grant money if the project area or project facilities are not constructed, operated, or used in accordance with this Agreement.
34. The GRANTEE agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of religion, race, color, national origin, age, sex, sexual orientation, height, weight, marital status, partisan considerations, or a disability or genetic information that is unrelated to the person's ability to perform the duties of a particular job or position. The GRANTEE further agrees that any subcontract shall contain non-discrimination provisions which are not less stringent than this provision and binding upon any and all subcontractors. A breach of this covenant shall be regarded as a material breach of this Agreement.
35. The DEPARTMENT shall terminate this Agreement and recover grant funds paid if the GRANTEE or any subcontractor, manufacturer, or supplier of the GRANTEE appears in the register compiled by the Michigan Department of Licensing and Regulatory Affairs pursuant to Public Act No. 278 of 1980.
36. The GRANTEE may not assign or transfer any interest in this Agreement without prior written authorization of the DEPARTMENT, and as appropriate, the SERVICE.
37. The rights of the DEPARTMENT under this Agreement shall continue in perpetuity.

To Whom It May Concern:

This letter certifies that the Detroit Parks Coalition (DPC) is a partner on the City of Detroit's ORLP application for improvements to Patton Park.

DPC is an alliance of organizations that supports healthy, equitable, and vibrant parks and public spaces. We are a diverse group of park leaders and community members who have come together to expand resources for Detroit parks. DPC includes representatives from Detroit's largest parks organizations as well as all-volunteer stewardship groups of Detroit's neighborhood and community parks. Friends of Patton Park, the community stewardship group for the project in question, is a DPC member.

The proposed project would provide necessary park improvements and connect Patton Park to the Joe Louis Greenway, making it more accessible to both nearby residents and the region. If the ORLP grant is approved, the Detroit Parks Coalition has voted to participate in the following ways:

- Commit \$500,000 as matching funds to the project.
- Support Friends of Patton Park in community engagement activities, including getting input on project design and attracting neighborhood residents to the park.
- Provide cultural and recreational programming to engage more residents with Patton Park.
