Petition No. x2024-368 – Grandmont Rosedale Development, request for encroachment within the southerly part of the east-west public alley, 18ft. wide lying northerly of and adjacent to the parcels commonly known as 19550 W. Grand River Ave., 19546 W. Grand River Ave., and 19540 W. This comes as part of a project through Grandmont Rosedale Development to install a private storm sewer through the east-west alley that is behind the parcel commonly known as 19546 W. Grand River Ave. to facilitate a Green Stormwater Infrastructure project that is being partially funded under a Capital Partnership grant.

The petition was referred to the City Engineering Division – DPW for investigation and report. This is our report.

The request was approved by the Solid Waste Division – DPW, and City Engineering Division – DPW. Traffic Engineering Division

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
