

Proposed changes:

- 1. Amend page 5, line 5, by replacing "as provided by administrative rules" with "as established annually by the Housing and Revitalization Department"**
- 2. Amend page 5, lines 13-14, by striking ", as provided by administrative rules"**
- 3. Amend page 15, line 8, by replacing "is required to" with "may"**

Why:

- **Law had initially recommended the administrative rule provide detail on two key definitions: rehabilitation and vacant structures. Law now concurs with HRD that these definitions may instead be provided in administrative guidelines, which is a less complicated process and does not need to be noted in the ordinance.**
