**ATTACHMENT TO APPLICATION FOR COMMERCIAL FACILITIES EXEMPTION
CERTIFICATE (2930 E JEFFERSON LLC)**

September 19, 2024

2930 E Jefferson LLC, a Michigan limited liability company (“Owner”), requests the establishment of a Commercial Facilities Exemption Certificate pursuant to Section 5 of the Commercial Redevelopment Act, PA 255 of 1978, MCL 207.655, to support the planned rehabilitation and restoration of the property located at 2930 E Jefferson Ave in the City of Detroit. The Owner owns 100% of the state equalized value of the commercial property located in the proposed district. This 12-year tax incentive is necessary for this project to proceed and without it the project would not occur.

I. General Description of the Obsolete Facility.

The property, located at 2930 E Jefferson Ave, Detroit, MI 48207, was constructed in 1964. It has had various uses and was most recently used as the law offices of the Cannabis Counsel. The parcel size is 0.225 acres and the building is approximately 6,703 square feet. The building requires repairs to the roof, waterproofing and masonry restoration, ADA compliance, siding, windows, and doors as well as improvements to the mechanical, electrical, and plumbing systems as substantial interior rehabilitation to be able to be used in an economically efficient manner.

The building suffers from obsolescence from impaired conditions and changes in technology. A wide variety of restoration activities are included in the project budget, as described below, to restore the property to an economically efficient condition.

II. General Description of the Facility’s Proposed Use.

Once the restoration and rehabilitation is complete, the property will open as a small business incubator targeting women and minority owned businesses. It will offer individuals and teams the opportunity to enjoy the private and flexible workspaces throughout the building with the opportunity to be a part of meaningful dialogues with leading creatives and professional services entrepreneurs in the Detroit community. The first floor of the property will be wellness focused small businesses, including: massage therapists, fitness instructors, and a body art professional. The second floor will be private offices that can be leased on a longer-term basis and will be the headquarters of Parkstone Development Partners. The workspace is designed to meet the individual needs of an entrepreneur and creative leaders allowing for the experience to be interactive, immersive and inspiring. The Owner is creating something not only unique among shared spaces but to the City itself.

III. General Description of the Nature and Extent of the Restoration.

The Owner plans to reconfigure the interior layout, improve the building’s systems, restore existing architectural and design features and construct new interior improvements. See the plans attached as Attachment C.

The total building restoration, estimated to cost approximately \$619,000, will enhance the overall curb appeal on along a major thoroughfare and attract businesses and economic activity to the area.

IV. Legal Description of the Facility.

See Attachment A.

V. Descriptive List of Fixed Building Equipment That Will Be Part of the Facility.

See Attachment B.

VI. Time Schedule for Undertaking and Completing the Restoration.

The restoration is expected to commence December 1, 2024 and be completed by June 30, 2026.

VII. Statement of the Economic Advantages Expected From Receiving the Exemption.

The exemption supports the economic feasibility of the investment, which is expected to result in (a) increased economic activity with additional workers and visitors to the area, supporting new businesses in Detroit, as (b) tenants which will create new jobs by hiring employees, and (c) increased real property investment in the general area of the property.

In connection with the physical rehabilitation and rejuvenation of the property, there will be an estimated 15-20 temporary skilled construction jobs.

Respectfully submitted,

Nevan Shokar
