November 15, 2024

HONORABLE CITY COUNCIL:

RE: RESOLUTION TO PROVIDE FOR THE FULL OBLIGATION OF FUNDING FROM THE
CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUND UNDER THE
AMERICAN RESCUE PLAN ACT

Chapter 17, Article V of the 2019 Detroit City Code requires the approval of your Honorable Body for the purchase of goods and services over the value of \$25,000, all contracts for personal services renewals or extensions of contracts, or the exercise of an option to renew or extend a contract.

Under the terms of ARPA and related ARPA rules and guidance, eligible costs must be incurred through evidence of an obligation issued on or before December 31, 2024 and must be expended on or before December 31, 2026. Regulations and regulatory guidance issued by the United States Department of Treasury have provided relevant instruction and guidance for determining when ARPA Funds may be considered to be obligated.

Through a Resolution, the Chief Financial Officer requests authorization to take all appropriate actions, including adjustments to or amendment of any existing contractual obligation identified pursuant to the review conducted under this resolution, to allow for the full utilization of ARPA Funds by December 31, 2026, and to execute any documents or take any action to implement this authority. The Chief Financial Officer, or the designee of the Chief Financial Officer, shall report to City Council any adjustment to or amendment of any contractual obligation taken pursuant to this Resolution. No adjustment to or amendment of any contractual obligation taken pursuant to this Resolution may extend the term of an obligation by greater than 120 days.

All adjustments to or amendment of any contractual obligations will be completed before December 31, 2024 as required by U.S. Treasury.

Respectfully Submitted,

DocuSigned by:

RESOLUTION TO PROVIDE FOR THE FULL OBLIGATION OF FUNDING FROM THE CORONAVIRUS STATE
AND LOCAL FISCAL RECOVERY FUND UNDER THE AMERICAN RESCUE PLAN ACT

WHEREAS, on March 11, 2021, Public Law 117-2 (the “American Rescue Plan Act of 2021”, commonly referred to as “ARPA”), was enacted to provide relief to address the continued impact of the COVID-19 pandemic on the economy, public health, state and local governments, individuals, and businesses; and

WHEREAS, as part of the American Rescue Plan Act of 2021, the United States Congress included the Coronavirus State and Local Fiscal Recovery Fund (“**SLFRF**”) and designated the United States Treasury to administer and promulgate such rules and regulatory guidance related to SLFRF funds as might be necessary; and,

WHEREAS, the City of Detroit (the “**City**”) was awarded \$826,675,290 of SLFRF program funds to administer and provide payment for eligible costs incurred during the period beginning March 3, 2021 (the “**ARPA Funds**”); and

WHEREAS, City Council adopted a resolution on July 29, 2021 authorizing 15 appropriations of the ARPA Funds for specific purposes consistent with the terms of ARPA (the “**Initial ARPA Appropriation Resolution**”); and

WHEREAS, City Council has subsequently adopted various resolutions transferring funds between appropriations established by the Initial ARPA Appropriation Resolution, and authorizing and approving contracts, subrecipient agreements, development agreements, and beneficiary agreements which have been utilized to obligate ARPA Funds; and

WHEREAS, under the terms of ARPA and related ARPA rules and guidance, eligible costs must be incurred through evidence of an obligation issued on or before December 31, 2024 and must be expended on or before December 31, 2026; and

WHEREAS, regulations and regulatory guidance issued by the United States Department of Treasury have provided relevant instruction and guidance for determining when ARPA Funds may be considered to be obligated. Treasury issued the clarifications related to what may constitute an obligation, when an obligation may be considered to have occurred, and what adjustments to an obligation are authorized after December 31, 2024, including the following:

- a. An obligation may include a replacement of a contract or subaward entered into by December 31, 2024, if the contractor is terminated for default, goes out of business, demonstrates an inability to perform, is subject to a mutual termination agreement, or was the subject of an improper award.
- b. For a contract entered into on or before December 31, 2024, an amendment or allocation of ARPA Funds to cover additional costs is permitted if those costs were incurred within the scope of the contract or to the extent that the contract expressly provided for change orders or contingencies.

WHEREAS, to fund the foregoing types of adjustments to obligations that may be authorized after December 31, 2024, the rules and regulatory guidance provide flexibility to the City to reallocate certain program income and unused or excess portions of ARPA Funds obligated by December 31, 2024; and

WHEREAS, the City desires to maximize the use of ARPA Funds and to assure that any program income and unused or excess portions of ARPA Funds may be reallocated for eligible expenses obligated by December 31, 2024, including protecting the discretion of City Council to consider amendments to such contracts and subawards after 2024; and

WHEREAS, Forty-three (41) currently effective contracts and subawards have been identified in Exhibit A to this Resolution as having expiration dates on or before December 31, 2024, for which fourteen (14) amendments to extend an expiration date have been submitted to Council for approval; and

WHEREAS, the City also desires to assure that existing obligations anticipated to be performed after December 31, 2024 have provisions that will allow for change orders and contingencies so that City Council may act to allow an allocation of ARPA Funds after December 31, 2024.

NOW, THEREFORE BE IT RESOLVED,

1. The Detroit City Council directs the Chief Financial Officer, or the designee of the Chief Financial Officer, to review contractual obligations entered into with the support of ARPA Funds to identify:
 - a. Those existing contractual obligations, including and in addition to those listed in Exhibit A that may require an extension past December 31, 2024, to allow for the full utilization of any ARPA Funds authorized under that contractual obligation to fulfill that obligation or any other obligation for which ARPA Funds may be legally utilized; and
 - b. Those contractual obligations entered into on or before December 31, 2024, that may require additional language to expressly allow for City Council to obligate additional funds within the scope of the contract or subaward, or to expressly allow change orders or contingencies that could necessitate additional ARPA Funds.
2. The Chief Financial Officer, or the designee of the Chief Financial Officer, is hereby authorized to and may take all appropriate actions, including adjustments to or amendment of any existing contractual obligations identified pursuant to the review conducted under this resolution, to allow for the full utilization of ARPA Funds by December 31, 2026, and to execute any documents or take any action to implement this authority. The Chief Financial Officer, or the designee of the Chief Financial Officer, shall report to City Council any adjustment to or amendment of any contractual obligation taken pursuant to this Resolution. No adjustment to or amendment of any contractual obligation taken pursuant to this Resolution may extend the term of an obligation by greater than 120 days.
3. Any contractual obligation that replaces a contract or subaward under which ARPA Funds were obligated on or before December 31, 2024, or that re-obligates ARPA Funds to a new contractor or subrecipient shall be subject to approval by the City Council as required under the City's procurement ordinance and for any necessary transfer between ARPA appropriations. At a minimum, quarterly reporting of ARPA Funds that are available for re-obligation will be reported to City Council.
