Date: February 4, 2022

Re: **Community Benefits Ordinance Biannual Report for Lafayette West**

The Civil Rights, Inclusion, and Opportunity (CRIO) Department has been given the responsibility of monitoring the Community Benefits Ordinance. The report details the developer's compliance with each Community Benefits Provision (CBP) commitment.

Lafayette West project currently has **0** of their commitments "**Off Track**".

Below, you will find a key to reference when reviewing "Status Update" and the total number of CBP commitments in each specific status

Status Update	Explanation	Commitments
On Track	Actions taken towards satisfying commitment	32
Off Track	Commitment not fulfilled	0
Off Track but Compliance Plan Submitted		0
Not Started	No action taken	10
Additional information requested		0
Completed	Commitment fulfilled	13
Total Commitments		55

Respectfully,

Kimberly Rustem
Director
Civil Rights, Inclusion and Opportunity Department

Approved as to form:

Chuck Raimi
Interim Corporation Counsel
City of Detroit Law Department

4.	Developer will work with its construction partners to limit as much noise-making activities at the Project as possible after 9 a.m.	Developer provided a noise limiting provision within the demolition contract with the demolition contractor. Subsequent contracts will also contain noise-limiting provisions.		Buildings, Safety Engineering and Environment Department
5.	48-hour notice will be given by Developer through the Communication Sources for unique activities or unscheduled work as needed during Sunday hours.	Developer has agreed to provide a 48-hour notice through the communication source for unique activities or unscheduled work as needed during Sunday hours. A notice was provided on November 5, 2021, for unscheduled site fill activities which were to be performed on November 7, 2021. Developer was able to schedule said activities for Monday November 8, 2021, such that no Sunday work was performed.		Buildings, Safety Engineering and Environment Department
6.	Developer will not perform any disruptive/loud work on Sunday. Should work on Sunday become necessary, it will be restricted to low decibel activities.	No work was performed on Sundays. Any future work planned for Sundays will be restricted to low decibel activities.		Buildings, Safety Engineering and Environment Department

Commitment	Findings	Status	City Department
<p>Project qualifies for a 0.75:1 parking ratio for the multi-family rental dwellings to be constructed at the Project. To the extent that the total Project budget is increased by \$2 Million over the initial estimated Project budget of \$111.8 Million and as a last resort in mitigating construction costs, Developer may lower the above references parking ratios to accommodate Project feasibility, so long as Developer is compliant with the law and documentation to the NAC evidencing the construction costs increases and other attempts to defray those costs have been attempted by Developer. Notwithstanding anything to contrary contained herein, the parking ratio for the Project shall not fall below 0.75 cars per dwelling unit for the entire project.</p>	<p>The parking ratios are 0.90 spaces per unit which is above the qualified 0.75. The overall cost of the project has increase by \$2 Million over the estimated budget, allowing developer to Lower the parking ratios to accommodate project feasibility. The Developer will be providing 276 parking spaces per CBO Amendment No. 1 approved by City Council on June 1, 2021.</p>		<p>Buildings, Safety Engineering and Environment Department Planning and Development Department</p>
<p>3 Traffic and Road Closure Impacts</p>			
<p>16. Developer will not, at any time, cause the total closure of Rivard unless such a closure is required for utility connections related to the Project. In the event a total lane closure of Rivard is necessary, Developer will do everything possible to minimize any potential disruption, including scheduling and paying for overtime work.</p>	<p>There will be partial closures from January 2022 through February 2022 to facilitate utility installation.</p>		<p>Department of Public Works</p>

<p>53. Developer will make best efforts to recycle construction waste and debris, including recycling of the materials from the demolished building</p>	<p>The Developer intends that the contractor will be required to maintain a waste removal program, which will include recycling of construction debris. Majority of the construction waste, debris and materials were recycled.</p>		<p>Department of Neighborhoods Buildings, Safety Engineering and Environment Department</p>
<p>10 Site Design</p>			
<p>54. During the CBO Process, the Project was presented by the Developer to the NAC and the community with specific design standards, including certain specific design and architecture models. Developer shall adhere to and uphold such design standards in the construction of the Project. Should the site design, layout or design standards that were presented by developer during the CBO Process need to materially and/or substantially change, such changes shall not be made until and unless they are approved by the City's Planning and Development Department</p>	<p>Several meetings were held with the City's Planning and Development Department beginning on February 24, 2021, regarding proposed changes to the Site Plan. Said changes were presented to the Neighborhood Advisory Committee on April 7, 2021. With the support of the NAC and PDD, a revised Site Plan was submitted to BSEED, which was approved with conditions on May 5, 2021, including variances to be addressed by BZA. The variance was approved by BZA on June 8, 2021. All the above was incorporated into Amendment Number 1 of the CBO which confirmed that these changes followed the CBO. This amendment was approved by City Council on June 1, 2021.</p>		<p>Department of Neighborhoods Buildings, Safety Engineering and Environment Department Planning and Development Department</p>

Commitment	Findings	Status	City Department
<p>Developer shall adhere to and uphold to the design and design standards presented during the CBO Process, included but not limited to:</p> <ul style="list-style-type: none"> a. Developer will not include any interior ground level parking visible from the street. Any parking spaces that are at the ground level should have a residential/retail liner at the street front b. neighborhood amenities. c. architectural style compliments the historic neighborhood of Lafayette Park and maintains a balance of different architectural styles within the Project. d. Materials stay consistent with proposed design intent e. Maintain the urban streetscape while also providing complementary landscaping to the adjacent properties in Lafayette Park. 	<ul style="list-style-type: none"> a. Developer has not included any interior ground level parking visible from the street b. Developer has included neighborhood amenities in the project design. Those amenities include a dog-wash station, bicycle repair station, and a fitness center. Given the impacts of COVID-19, the fitness center may be modified or changed to another use and the neighborhood's access to that new use will be reviewed at the appropriate time. c. The Design Plan does consist of an architectural style that compliments the historic neighborhood of Lafayette Park d. The site plan has been modified. Modifications are necessary to achieve a financially feasible project, however materials are more of a variety. e. The Design Plan does include complementary landscaping. 		<p>Buildings, Safety Engineering and Environment Department</p> <p>Planning and Development Department</p>
