

WE SUPPORT OUR NEIGHBORHOOD

FARM & YOUTH PROGRAM

Purpose: This petition seeks to garner signatures from our neighbors verifying their support for our youth program and Community service resource hub. Our farming initiatives are aimed at protecting our planet's natural resources and biodiversity. By advocating for sustainable practices, conservation efforts, and policy changes, we can work to preserve the environment for future generations as well as teach our people self-sustainability. Detroit Farm And Cider is the first black owned Cider Mill in the Country
