Instruction for Completing Form 1012, Industrial Facilities Tax Exemption (IFT) Application

The completed original application form 1012 and all required attachments, **MUST** be filed with the clerk of the local unit of government where the facility is or will be located. Complete applications must be received by the State Tax Commission by October 31 to ensure processing and certification for the following tax year. Applications received after the October 31 deadline will be processed as expeditiously as possible.

Please note that attachments listed on the application in number 16a are to be retained by the local unit of government, and attachments listed in number 16b are to be included with the application when forwarding to the State Tax Commission (STC).

(Before commencement of a project the local unit of government must establish a district, or the applicant must request in writing a district be established, in order to qualify for an IFT abatement. Applications and attachments must be received by the local unit of government **within six months of commencement of project.**)

The following information is required on separate documents attached to form 1012 by the applicant and provided to the local unit of government (city, township or village). (Providing an accurate school district where the facility is located is vital.)

1. Legal description of the real property on which the facility is or will be located. Also provide property identification number if available.
2. Personal Property Requirements: Complete list of new machinery, equipment, furniture and fixtures which will be used in the facility. The list should include description, **beginning date of installation** or expected installation by **month/day/year**, and costs or expected costs (see sample). Detail listing of machinery and equipment **must match amount shown** on question 6b of the application. Personal property applications must have attached a certified statement/affidavit as proof of the beginning date of installation (see sample).
3. Real Property Requirements: Proof of date the construction started (groundbreaking). Applicant must include one of the following if the project has already begun; building permit, footings inspection report, or certified statement/affidavit from contractor indicating exact date of commencement.
4. Complete copy of lease agreement as executed, if applicable, verifying lessee (applicant) has direct ad

valorem real and/or personal property tax liability. The applicant must have real and/or personal property tax liability to qualify for an IFT abatement on leased property. If applying for a real property tax exemption on leased property, the lease must run the full length of time the abatement is granted by the local unit of government. Tax liability for leased property should be determined before sending to the STC.

The following information is required of the local unit of government: [Please note that only items 2, 4, 5, 6, & 7 below are forwarded to the State Tax Commission with the application, along with items 2 & 3 from above. The original is required by the STC. The remaining items are to be retained at the local unit of government for future reference. **(The local unit must verify that the school district listed on all IFT applications is correct.)**]

1. A copy of the notice to the general public and the certified notice to the property owners concerning the establishment of the district.
2. **Certified copy of the resolution establishing the Industrial Development District (IDD) or Plant Rehabilitation District (PRD), which includes a legal description of the district (see sample). If the district was not established prior to the commencement of construction, the local unit shall include a certified copy or date stamped copy of the written request to establish the district.**
3. Copy of the notice and the certified letters to the taxing authorities regarding the hearing to approve the application.
4. **Certified copy of the resolution approving the application. The resolution must include the number of years the local unit is granting the abatement and the statement "the granting of the Industrial Facilities Exemption Certificate shall not have the effect of substantially impeding the operation of (governmental unit), or impairing the financial soundness of a taxing unit which levies ad valorem property taxes in (governmental unit – see sample).**
5. **Letter of Agreement (signed by the local unit of government and the applicant per P.A. 334 of 1993 (see sample)).**
6. **Affidavit of Fees (signed by the local unit of government and the applicant), (Bulletin 3, January 16, 1998). This statement may be**

incorporated into the Letter of Agreement (see sample).

7. Treasury Form 3222 (if applicable - *Fiscal Statement for Tax Abatement Request.*)

The following information is required for rehabilitation applications in addition to the above requirements:

1. A listing of existing machinery, equipment, furniture and fixtures which will be replaced or renovated. This listing should include description, beginning date of installation or expected installation by month/day/year, and costs or expected costs.
2. A rehabilitation application must include a statement from the Assessor showing the taxable valuation of the plant rehabilitation district, separately stated for real property (EXCLUDING LAND) and personal property. Attach a statement from the assessor indicating the obsolescence of the property being rehabilitated.

The following information is required for speculative building applications in addition to the above requirements:

1. A certified copy of the resolution to establish a speculative building.
2. A statement of non-occupancy from the owner and the assessor.

General Information About Taxable Values Shown in This Notice

Property taxes are calculated based on the **Taxable Value** (Line 1) of the property. State Equalized Value is the Assessed Value multiplied by the Equalization Factor, if any. State Equalized Value must approximate 50% of market value.

Any increase in Taxable Value shown in the “Change from Prior Year to Current Year” Column, does not indicate the amount of change in your taxes. The change in your tax bill from a change to the property’s Taxable Value is estimated in the space above Line 1.

IF THERE WAS A TRANSFER OF OWNERSHIP on your property in 2024, your 2025 Taxable Value will be the same as your 2025 State Equalized Value.

IF THERE WAS NOT A TRANSFER OF OWNERSHIP on your property in 2024, your 2025 Taxable Value is calculated by multiplying your 2024 Taxable Value by 1.031 (the **Inflation Rate Multiplier** for the current year). However, your Taxable Value may not exceed, and is capped by, the State Equalized Value of the property.

Physical changes in your property may also increase or decrease your Taxable Value. The Assessor may consider the following factors in determining the value of your property. However, the Assessor may not consider general maintenance, such as paint, a new roof, or windows. In preparing for any appeals to the Board of Assessors or the Board of Review, these same following factors will be considered:

1. The condition of your neighborhood and the role surrounding properties play a role in how your property is valued. In any complaint, you must explain why you believe the assessed value/classification contained in this notice is incorrect and state the reason(s) why.
2. Circumstances such as structural defects, fire damage, demolition, or incorrect property data. At the time of appeal submission, photos of property structural defects, invoices, estimates, fire/ demolition reports, and property appraisals are encouraged to be submitted as evidence to support your appeal. An inspection of the property from the Office of the Assessor would be needed to see if a revision due to damage or error in your assessed value or property classification is warranted.
3. A recent appraisal from a licensed appraiser showing that the value of your property is significantly different from the True Cash Value. (Mortgage appraisals are usually not acceptable.)
4. If properties in your specific neighborhood (similar in size, style, and age) recently sold on the open market for significantly more or less than your current True Cash Value.

Principal Residence Exemption (PRE)

The homestead owned and used as the principal residence of a property taxpayer may be eligible for a PRE. If eligible and approved, the PRE will exempt the homestead from the levy of school district operating taxes. School district operating taxes in Detroit are levying on the summer tax bill.

To claim a PRE, the owner of a homestead must complete the “Principal Residence Exemption Affidavit” (Form 2368) and file it with the City Assessor’s office in the year the exemption will be claimed. A valid affidavit filed on or before June 1 allows an owner to receive a PRE on the current year summer and subsequent school district operating tax levies so long as it remains the owner’s principal residence.

The denial of an exemption from the local school operating tax for a “homeowner’s principal residence” (the PRE exemption) may be appealed to the Michigan Tax Tribunal by the filing of a petition within 35 days of issuance of this notice. The petition must be a form approved by the Michigan Tax Tribunal, which is available at www.michigan.gov/taxtrib.

How to Appeal

There are three steps to the annual appeal process: Assessor Review (local), March Board of Review (local), and the Michigan Tax Tribunal. The Assessor Review is the first step in the appeal process. You are not required to file an appeal at the Assessor Review; however, filing a protest with the Board of Review is necessary to protect your right to further appeal valuation and exemption disputes to the Michigan Tax Tribunal and classification appeals to the State Tax Commission.

The Board of Review is not the Board of Assessors, and the Board of Assessors is not the Board of Review. Each has its own jurisdiction and restriction on who may seek an appeal. Each has their own period where they can make decisions regarding property assessment. Please read the filing instructions and requirements thoroughly.

Board of Assessors Review

Recent amendments to City Ordinance have expanded the type of person who may consider themselves aggrieved by an assessment and make a complaint before the City's Board of Assessors. In addition to persons liable to be taxed and therefore on the assessment roll, such as the owner, or that person's agent, other persons with certain documented financial interests may be considered aggrieved and file a complaint before the Board of Assessors. That documentation may include a lease agreement assigning responsibility for paying the property taxes to the person, a receipt showing or an affidavit attesting that the individual paid a portion of the property taxes in a preceding year, a land contract in the person's name, or any other document proving a financial interest in the property.

CAUTION: IF YOU ARE ENTITLED TO MAKE A COMPLAINT TO THE CITY BOARD OF ASSESSORS, BUT ARE NOT THE PERSON LIABLE TO BE TAXED, YOU WILL NOT BE ENTITLED TO APPEAL THE BOARD OF ASSESSOR'S DETERMINATION TO THE CITY'S BOARD OF REVIEW.

TIMELY FILE AN APPEAL DURING THE BOARD OF ASSESSOR REVIEW PERIOD if you believe the Taxable Value, the Assessed Value, the State Equalized Value, the Property Classification, or the Transfer of Ownership information on your notice is incorrect. The appeal should explain why you believe the information is incorrect.

Provide supporting documentation with your claim. The Office of the Assessor encourages all persons to ask questions about the process and appeal the value, if they believe it is not consistent or reflective of the current market value of the property. You have every right to ask the Assessor for the sales study used to value the property.

You are not required to file for a review with the Board of Assessors to file for an appeal with the March Board of Review if you are qualified under State Law to file for an appeal with the March Board of Review. A denial of a complaint made before the Board of Assessors does not prohibit a person liable to be taxed, or their agent, from filing for a review by the Board of Review if the appeal is made in a timely manner.

Deadline for Board of Assessor Complaints/Appeals

The Board of Assessors' Review period must convene February 1, 2025, and conclude on February 22, 2025. All appeals must be received by 4:30 p.m. EST. on February 22, 2025. Late submissions will not be accepted. Faxed appeals are not accepted. An appeal can be filed online, in person, or by mail.

1. Online-Appeals can be submitted online at detroitmi.gov/PropertyTaxAppeal
2. In Person-Visit the Detroit Taxpayer Service Center Suite 130 in the Coleman A. Young Municipal Center, 2 Woodward Avenue Monday-Thursday 8:00 a.m.– 4:30 p.m., Friday and Saturday by appointment only.
3. Mail-Send a letter to: Office of the Assessor, Attn: Assessor Review, 2 Woodward Avenue, Suite 804, Detroit, MI 48226. Include your name, address and/or parcel number, reason for appeal with any supporting documentation, telephone number or email address. **The envelope must be postmarked by February 22, 2025. A drop box is also located outside the Woodward entrance of the Coleman A. Young Municipal Center to drop off your appeal without entering the building.**

Board of Review Appeals

The Taxable Value, the Assessed Value, the State Equalized Value, the Property Classification, or the Transfer of Ownership may be appealed by filing a protest with the City's Board of Review. The denial of an exemption from the local school operating tax for "qualified agricultural properties" may also be appealed to the City's Board of Review. Appeals are made to the Board of Review by completing a Board of Review Petition Form. The Petition to the March Board of Review can be located at <https://detroitmi.gov/government/boards/property-assessment-board-review> or from the Michigan Department of Treasury's website at www.michigan.gov/taxes. Click on the "Property Taxes" box, select "Forms and Instructions," then click on "Board of Review" to obtain a "Petition to the Board of Review," Form 618 (L-4035).

Filing a protest with the Board of Review is necessary to protect your right to further appeal valuation and exemption disputes to the Michigan Tax Tribunal and classification appeals to the State Tax Commission.

Properties classified Commercial Real, Industrial Real or Developmental Real may be appealed to the regular March Board of Review or to the Michigan Tax Tribunal by filing a petition by May 31. Commercial Personal, Industrial Personal, or Utility Personal Property may be appealed to the regular March Board of Review or to the Michigan Tax Tribunal by filing a petition by May 31 if a personal property statement was filed with the local unit prior to the commencement of the Board of Review as provided by State law. The petition must be a form approved by the Michigan Tax Tribunal, which are available at www.michigan.gov/taxtrib.

Pursuant to State law, only persons liable to be taxed and therefore on the assessment roll, such as the owner, or that person's agent may file an appeal to March Board of Review. If an agent is filing an appeal on behalf of the person liable for the tax, sufficient evidence to act as an agent must be provided. That evidence must include a letter of authorization for each property executed by the person otherwise entitled to file the appeal. All companies, LLCs and/ or corporations must provide organization documents along with the title and name of the authorized person(s) to act on behalf of the entity.

A petition to the 2025 Detroit March Board of Review can be filed via email, person, by or mail by March 10, 2025, by 4:30p.m. EST. March 2025 Board of Review Dates and Times are reflected on the Assessment Notice (page 1)

1. Email-March Board of Review petition can be submitted by email to MBOR@detroitmi.gov
2. In Person-Visit the Coleman A. Young Municipal Center, Detroit Taxpayer Service Center Suite 105, Monday-Friday 8:00 a.m.– 4:30 p.m.
3. Mail-Send completed March Board of Review petition (Form 618-L-4035) to: Board of Review, Attn: March Board of Review, 2 Woodward Avenue, Suite 804, Detroit, MI 48226. **The envelope must be received by March 10, 2025, 4:30p.m. EST. A drop box is also located outside the Woodward entrance of the Coleman A. Young Municipal Center to drop off your appeal without entering the building.**
4. If an agent is filing the appeal on behalf of the property owner, the authorization to act as the agent must be received prior to scheduling a March Board of Review hearing.

There are two required meetings of the March Board of Review. The Board of Review will not hear appeals or make changes to the roll until its second meeting on the second Monday in March. The first session of the March Board of Review must start no earlier than 9 a.m. and no later than 3 p.m. The Board of Review must meet for a minimum of 6 hours that day. The Board of Review must meet a total of at least 12 hours during that first week and at least 3 hours of the required sessions must be after 6 p.m.

You may schedule an appointment to speak with an appraiser at (313) 224-3035. You may email Christen Talifer at AsktheAssessor@detroitmi.gov for specific questions; but **not to use this email address** to file an appeal.

2025 March Board of Review Hearing Procedure

March Board of Review Hearings are required to be in person. MCL 211.30 states that a non-resident taxpayer may file a protest in writing and is not required to make a personal appearance. March Board of Review Hearings are conducted in person or available virtually via Zoom. Cameras must be on if appearing virtually. You will have a limited time to make your presentation, so provide your documentation in advance of the meeting.

A March Board of Review hearing can be scheduled in two ways:

1. Online- Hearings can be self-scheduled online based on availability. A hearing and submission of documents can be done online at <https://mbor.timetap.com/>
2. In Person-Visit the Detroit Taxpayer Service Center Suite 130 in the Coleman A. Young Municipal Center, 2 Woodward Avenue Monday - Thursday 8:00 a.m. – 4:30 p.m., Friday and Saturday by appointment only. A representative will schedule your hearing while you are in the office or will call you to set up and confirm your hearing date and time.

The March Board of Review Petition form may be obtained online at:

<https://detroitmi.gov/government/boards/property-assessment-board-review>, in person by visiting the Coleman A. Young Municipal Center, Detroit Taxpayer Service Center, Suite 105, Monday-Thursday 8:00 a.m.- 4:30 p.m. You may email MBOR@detroitmi.gov to file your timely March Board of Review appeal or for questions to the Board of Review.

The Board of Review encourages all persons to ask questions about the process and appeal their value, if they believe it is not consistent or reflective of the current market value of their home. The Board of Review does not determine the amount of the property tax obligation nor can change the inflation rate multiplier (consumer price index). The March Board of Review may only determine if your assessment is fair, not how much tax you will pay.

The Board of Review will consider any adjustments and reductions to value made at the Board of Assessors Review. An inspection (interior, exterior or both) of the property from the Office of the Assessor would be required to warrant a revision due to damage, error of the assessed value or incorrect property classification.

1. It is important that you provide as much accurate information about your property as possible including photographs, estimates for repairs, sales studies, comparisons and/or any other information that you may need to present relative to the change in assessment you are requesting prior to your hearing. The focus of your appeal should be your property.
2. Provide supportive evidence related to sale of similar properties in your specific neighborhood and those factors that should have been considered by the Assessor in determining the value of your property, as noted in the section above entitled, General Information About Taxable Values Shown in this Notice.
3. Circumstances as structural defects, fire damage, demolition, or incorrect property data. At the time of appeal submission, photos of property structural defects, invoices, estimates, fire/demolition reports, and property appraisals. A recent appraiser from a licensed appraiser showing the value is significantly different would be accepted. Mortgage appraisals are usually not acceptable.

The March Board of Review can make decisions for the current year assessment roll only. The March Board of Review does not have authority to go back in time and review or change prior year matters. Provide evidence to support your claim.

Every person who makes a timely request, protest, or application to the March Board of Review must be notified in writing of the Board of Review's action and information regarding the right of further appeal, not later than the first Monday in June.

After the March Board of Review completes its review of the assessment roll, a majority of the Board of Review members must endorse a statement that the roll is the assessment roll of the city for the year in which it was prepared and approved by the Board of Review. The review of assessments by the March Board of Review must be completed on or before the first Monday in April (April 7, 2025).

UNDERSTANDING YOUR PROPERTY TAXES

PROPERTY TAXES: If you own property, you owe property taxes unless your property is exempt. Property taxes are due to the City of Detroit twice a year: Summer (August 15th due date and Winter January 15th due date) If you don't pay your property taxes by February 28th, they are transferred from the City of Detroit to the Wayne County Treasurer for collection and you risk losing your home to PROPERTY TAX FORECLOSURE.

ASSESSED VALUE: represent fifty percent (50%) of the market value of your property as determined by the local assessor on December 31st of the prior year.

ASSESSED VALUE COULD CHANGE BECAUSE OF THE FOLLOWING:

1. MARKET FORCES-Supply and demand, interest rates, zoning, general economy changes, and demographic shifts in neighborhoods for example.
2. PHYSICAL CHANGES TO STRUCTURE- Deterioration, deferred maintenance, rehabilitation, square footage additions or reductions, fire damage, addition or removal of decks, patios, or porches
3. EXEMPTIONS AND REVOCATIONS- Poverty exemptions, Veterans exemptions, previous exempted property, etc.

STATE EQUALIZED VALUE: One half (1/2) of your property's Market Value. The State Equalized Value represents 50% of true cash value as equalized. This is calculated by the market value multiplied by 0.5.

TAXABLE VALUE: The value used to calculate your property taxes. A property's taxable value can only increase annually by the rate of inflation or 5%, whichever is less, unless there is an addition to the property (i.e., physical improvement or omitted property) or the property's ownership transferred during a previous tax year. A property's taxable value can also decrease if there is a physical loss to the property. See MCL 211.34d. Taxable value may not be greater than the property's assessed value or state equalized value. This is calculated by the taxable value of the property multiplied by the millage divided by 1000 multiplied by 1.01 admin fee determines the estimated taxes. $(\text{Taxable Value} \times \text{millage}) / 1000 \times 1.01 \text{ Admin fee} = \text{estimated taxes}$.

MARKET VALUE: The market value of your property is the most probable price that it would bring in a competitive and open market between a knowledgeable buyer and a willing seller, each acting in their own self-interest.

TRUE CASH VALUE: In Michigan, the definition of true cash value is: "...the usual selling price at the place where the property to which the term is applied shall be at the time of the assessment, being the price, which could be obtained therefore at private sale, and not at forced or auction sale. Michigan courts have determined that the terms "True Cash Value", "Market Value", and "Current Market Value" are synonymous with each other.

EFFECTIVE AGE: The age of a property based on its current condition as determined by an appraiser, rather than its actual age.

THE INFLATION RATE MULTIPLIER: Inflation rate means the ratio of the general price level for the state fiscal year ending in the calendar year immediately preceding the current year divided by the general price level for the state fiscal year ending in the calendar year before the year immediately preceding the current year. **The calculation of the Inflation Rate Multiplier is set in statute in MCL 211.34d. It cannot be appealed at the Assessor or March Board of Review.**

PRIOR YEAR TAXES: Delinquent prior year taxes will put you at risk of losing your home to property tax foreclosure. Learn about programs to lower interest and assist with prior year taxes at The Office of the Wayne County Treasurer (313) 224-5990.

Honorable Detroit City Council
Coleman A. Young Municipal Center
2 Woodward Ave Suite 1340
Detroit, MI 48226

RE: Request for the Establishment of a Plant Rehabilitation District at 521 Old Saint Jean Street, Detroit, MI 48214

Honorable Members of the City Council:

Please accept this letter as a request to establish a **Plant Rehabilitation District** for the property located at **521 Old Saint Jean Street, Detroit, MI 48214** and described on the enclosed

Attachment A. Attachment A includes:

- (a) General description of the facility (year built, original use, most recent use, number of stories, square footage);
- (b) General description of the proposed use of the rehabilitated/new facility;
- (c) Description of the general nature and extent of the rehabilitation/new construction to be undertaken;
- (d) A descriptive list of the fixed building equipment that will be a part of the rehabilitated/new facility; and
- (e) A time schedule for undertaking and completing the rehabilitation/new construction of the facility
- (f) Purchase of adjacent parcels included within the Plant Rehabilitation District
- (g) A brief summary of our company (type of business, years of service etc.) is included with a detailed and thorough synopsis of the project under consideration.

The Need for the Abatement

The proposed rehabilitation and use of the site is in desperate need of the tax abatement. Our loan and equity commitment for the project and business plan already fall short of projected costs to complete the project fully. We will need this tax abatement in order to proceed with the project. If we are not granted this Plant Rehabilitation District and subsequent Certificate of Exemption, our loan proceeds will be greatly reduced and we then expect a larger gap in funding the project rehabilitation and operations.

Hiring Detroiters

We currently employ 7 Full-Time Employees with our firms Christian Hurrthienne Architects and Christian Hurrthienne Construction. We will be hiring Detroit residents for this operation on Old Saint Jean to fulfill to light manufacturing process. We anticipate 6 – 12 Full-Time Employees new hires with additional 2 Part-Time Employee new hires. We will be engaging Detroit At Work to provide people we will need for this facility and our future goals of building housing in the City. We will also be moving our architecture firm, the construction firm, and our other companies into this building.

OLD ST. JEAN PROPERTIES, LLC

521 OLD ST. JEAN, DETROIT, MI 48214

Who We Are

We are Christian Hurttienne, Architects / Developers / Construction, providing housing in the City of Detroit. We have been in existence for over 9 years, primarily as architects, but with experience in construction and development in the recent 5 years. We want to build new housing in the city, whether single-family or multi-family, affordable and market-rate, recognizing the high cost of construction with the affordable rents and for-sale products currently offered. Purchasing the Old St. Jean properties and rehabilitating the facility will enable us to control costs through manufactured components at the factory prior to delivery to the construction site, avoid supply-chain issues with storage of housing products at the factory, and therefore reduce construction time of the build process saving costs and lowering rents and prices to the new residents. We have control of project sites in Corktown, North Corktown and West Village for 6 projects of infill housing, commonly referred to as 'missing-middle' housing. Our goal is to expand on these sites to create more housing designed, manufactured, and constructed within the City of Detroit.

We are requesting the Exemption to be the maximum of 12 years.

The economic advantages of this proposed District and Tax Exemption include:

- New income taxes from existing and new employees
- A revitalized facility with an increased assessed tax value
- More new hires in future years
- An economical way to provide affordable housing in the City of Detroit

We anticipate a "ripple effect" - long term and short term, which the preceding taxes have on the City of Detroit by continually working toward providing housing, we will then continue to employ residents of the city, assessed values will increase and an abandoned property will be functioning for a long period of time.

Please consider this request formally. We are earnest in our goal to provide housing in the City of Detroit and we know this facility will be of value to us as well as our employees, and the city through our mutual goal of investment in the City of Detroit.

Respectfully submitted,

Brian V. Hurttienne

REQUEST FOR ESTABLISHMENT – Plant Rehabilitation District

General Property Descriptions

There are two buildings included within the requested Plant Rehabilitation District, 521 Old Saint Jean and 609 Old Saint Jean, Detroit, MI 48214.

521 Old Saint Jean is a one-story building most recently occupied by a Tool & Die facility for many years. The beginnings of the building were in the 1920's when only a portion of the building was constructed. Since then, there have been numerous additions and businesses within the building. The building occupies 21,990 square feet. The property has been vacant for more than one year.

609 Old Saint Jean is a one-story building most recently occupied for storage and accessory space for the adjacent 521 Old Saint Jean building. The original building was constructed in the 1950's with multiple additions over the years to now occupy 15,374 square feet. The building was also utilized for Tool & Die production, a Paint Room, and other assorted functions pertaining to parts manufacturing. The building has been vacant for more than a one year.

General Description of the rehabilitated facility's proposed use.

Old St. Jean Properties, LLC, will utilize the proposed facilities for light manufacturing of housing components. Our business model is to procure supplies and manufacture housing components for affordable and market-rate housing in the City of Detroit. We will be rehabilitating the facility to construct and install machinery, equipment, systems, and processes. We will be creating an assembly-line of sorts to create the housing components, with associated supplies stored and then placed within the components. These components will then be shipped to the site for assembly of the housing.

Detailed Description of the extent of rehabilitation

The buildings are in good condition but have been stripped of materials and infrastructure necessary for use of the buildings. We will be performing the following reconstruction of the existing buildings.

- Demolition of many of the existing walls within the building.
- Clean-up of the site based on the Phase II Environmental Report.
- Exterior wall renovation of windows, man doors, and overhead door openings in 521 Old Saint Jean.
- New doors and security systems for both buildings.
- New fencing throughout the site.
- The creation of a storm water management bio-swale for the site and building water run-off.
- Patched roof on 521 Old Saint Jean, with a new roof on 609 Old Saint Jean.
- New electrical power to the building with new infrastructure throughout the buildings.
- Refurbished boiler heating system throughout 521 Old St. Jean.
- New ceiling hung forced-air units for 609 Old Saint Jean.
- Reconstructed plumbing facilities throughout both buildings.
- General office walls and spaces for the architecture portion of the building.

Descriptive List of Fixed Building Equipment

The buildings will be outfitted with the following equipment:

- New Code Compliant Heating and Ventilation Plant
- New and Code Compliant Heating Distribution System
- New and Code Compliant Ventilation Distribution System
- New and Code Compliant Dust Collector and Ventilation System
- Updated and Code Compliant Fire Suppression System
- New In-Coming and Code Compliant Electrical Switch Gear and Distributions Systems
- New Code Compliant Plumbing Distribution and Filtration Systems
- New Stormwater Collection and re-diversion Systems
- New Entry Control and Security Systems
- New Assembly-Line Manufacturing Systems
- New Overhead Lifting, Moving, and Conveyance Systems
- Renovation of existing paint and spray booth finishing systems
- New Code Compliant Restrooms

Time Schedule to complete the Rehabilitation of the Facilities

We will begin work on rehabilitating the buildings once we know the process parameters of this requested tax abatement process and City of Detroit agency reviews and permitting Plan Review duration. We are in process to receive loans from Invest Detroit to do the renovation and purchase of equipment for our planned business. Our goal is to start renovation work in September 2024, and to be operational within 6 months.

Purchase of Adjacent Vacant Parcels

We have approached the Detroit Building Authority to acquire vacant lots adjacent to our current property to incorporate a site Storm Water Management system. Being partially in a flood zone, within the Marina District, and the extent of roof water run-off with parking and site impervious surfaces, we want to build a site to current DWSD standards for water management. These lots, along with adjacent already owned lots, are zoned R2. We will be going through the process to rezone to be inclusive of the manufacturing facility use. The Detroit Building Authority has agreed to sell us the vacant parcels and we will be purchasing them in the next two months. These parcels are included with the requested Plant Rehabilitation District.

Who We Are

We are Christian Hurtienne, Architects / Developers / Construction, providing housing in the City of Detroit. We have been in existence for over 9 years, primarily as architects, but with experience in construction and development in the recent 5 years. We want to build new housing in the city, whether single-family or multi-family, affordable and market-rate, recognizing the high cost of construction with the affordable rents and for-sale products currently offered.
