HONORABLE CITY COUNCIL

RE: Neighborhood Enterprise Zone Certificate Applications for 96 newly built condominium units within the new Hudson's tower within the Rosko Development Company LLC Neighborhood Enterprise Zone (NEZ) (RECOMMEND APPROVAL)

The office of the City Planning Commission (CPC) has received 96 applications requesting Neighborhood Enterprise Zone (NEZ) certificates for 96 new condominiums being built within the new Hudson's tower at 1208 Woodward Avenue.

The petitioner for the certificates is Woodward Avenue Condominium LLC, an affiliate of 1208 Woodward LLC and Bedrock. The petitioner is proposing 96 new condominium units on floors 26 through 45 of the tower. The condominium units will have a variety of sizes with an average of 1,667 square feet and an expected cost of \$1,000 per square foot. The following is a breakdown of the range of bedroom types:

- 1 BR - 14 units
- 2 BR - 56 units
- 3 BR - 21 units
- 4 BR - 5 units
- TOTAL: 96 units

Regarding affordability, this particular project will have no affordable units; however, the petitioner indicates Bedrock's Affordable Housing Agreement with the City commits 20% of residential units in Bedrock's portfolio as affordable units with rents at 80% AMI or below. As a result, City Council's approval of the requested 96 Hudson's NEZ Certificates would trigger an affordable housing commitment for 30% of the residential units in Bedrock's portfolio to be affordable units at 60% AMI or below.

Regarding parking, the petitioner indicates that each residential unit will have a dedicated parking space in the tower's underground parking structure at no additional cost.

Regarding accessibility features, the petitioner indicates the building, which will include both a hotel and residential condo units, is compliant with all accessibility features required by law. Specifically, the building includes, but is not limited to, the following accessibility features:

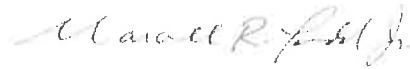

- required number of accessible parking spaces,
- pedestal mounted ADA door actuators at appropriate ingress/egress points,
- accessible restrooms and changing rooms,

- accessible routes and maneuvering clearances,
- an ADA compliant pool lift, laundry equipment in designated accessible units, and
- all other features necessary to comply with accessibility requirements.

The NEZ Act (Act 147 of 1992) states the applications must be filed before a building permit is issued or not more than 6 months after the date of the issuance of a building permit for the facility. The petitioner indicates the NEZ certificate applications were originally filed October 24, 2018, prior to the application for the building permit on May 29, 2019. CPC staff understand that the preliminary applications in 2018 were a placeholder, because the developer was then in the process of determining whether to create condominium units versus apartments. The Office of the Assessors held the applications as pending until the condo documents that established the individual units were in place.

The subject property has been confirmed as being within the boundaries of the Rosko Development Company LLC NEZ which was established by a vote of City Council in November 2017. CPC staff has reviewed the applications and recommends approval. A resolution is attached for Your consideration. Please contact our office should you have any questions.

Respectfully submitted,

Marcell R. Todd, Jr., Director CPC
Christopher J. Gulock, Deputy Director CPC
