### MEMORANDUM

TO: Keith Hutchings, Director  
Municipal Parking Department

THRU: Council President James Tate

RE: FY27 Budget Hearing Follow Up – Municipal Parking Department

Thank you again for your time and for the presentation during the recent hearing. We appreciate the department's willingness to walk through current operations and respond to council questions. As a follow-up, I have a few additional questions so I can better understand some of the issues discussed on the record and areas that may come up in future policy discussions.

- 1) What data privacy protections are currently in place for users of the ParkDetroit app?
  - a. Additionally, which entity or department is responsible for monitoring and enforcing the data privacy provisions contained in the contract?
  - b. How often are audits performed?
- 2) As the City considers a new version of the ParkDetroit app, what additional data privacy protections are being considered or evaluated?
- 3) Given that on-street parking is limited in many areas, how does the Municipal Parking Department account for the presence of private driveways and garages when establishing or expanding residential parking zones?
- 4) For private parking lots and garages, including those under contract with the City, what taxes, surcharges, or administrative fees does the City collect? Please include percentages and amounts of the collection too.

Please do not hesitate to contact my office if you have any questions. Thank you.
