MEMORANDUM

TO: Crystal Perkins, Director
General Services Department

THRU: Council President James Tate

FROM: Council Member Denzel Anton McCampbell *D.A. McCampbell*

RE: City Tree Service Requests Follow up

During the formal session of February 24th, the General Services Department provided City Council with Tree Service Requests per district. As a result, there are a few questions we have regarding the information provided. Please provide a detailed response to the following:

1. Why does District 7 have the third highest number of total requests and 5th lowest amount assigned?
2. Beyond the contract requests, what's the plan to increase tree trimming activity?
3. Please provide a status update on the outstanding forestry/tree issues in the district:
 - a. 12061 Auburn Street - When the garbage truck/snowplow comes by it knocks down branches into the street and into the property owners yard. Additionally, causes property damage during storms.

- b. 8600 Stahelin Ave - tree impeding on property
- c. 6345 Mansfield - Dangerous tree issue - tree limbs are falling due to the winds, residents fearful of property damage
