RE: Request for resolution concerning the safe storage of cannabis

---

Please prepare a resolution urging the State of Michigan to amend MCL 333.27955 to allow local municipalities the authority to mandate the safe storage of cannabis in containers or area equipped with locks or other functioning security devices that restrict access to the contents of the container or area and urging the Sheffield Administration to implement a program for the distribution of safe storage bags and boxes in an effort to reduce cannabis access to children.

Please determine whether any other action can be taken by City Council to mandate safe storage of cannabis. Please determine whether local governments can mandate the safe storage of “gummies” under existing state statutes.

Thank you for your cooperation.
