The Department of Public Works (DPW) has identified the following structures as requiring preventive maintenance activities, and will provide the necessary funds from the street fund for the design and construction engineering in addition to the percentage funding match listed below for the construction phase:

Facility Carries & Features Intersected	NBI Bridge ID	Structure Number	Funding Match
1. Mt. Elliott- Mound Road over GTW & Caniff	824180800092-R01	12345	10%
2. Twelfth Street Over Conrail	824180800319-R01	12370	5%

DPW requests a resolution from your Honorable Body stating that it is actively seeking participation in the repairs of the above referenced bridge structures. The action by your Honorable Body will complete the MDOT Local Bridge Program application requirements.
