MEMORANDUM

TO:    Ms. Jean Ingersoll, Director, Detroit Health Department  
       Dr. Carla Beezold, Chief Epidemiologist, Detroit Health Department

THROUGH:    Council Member Scott Benson, Chair, Public Health & Safety Committee

FROM:    Council President Pro Tempore Mary Sheffield

DATE:    July 22, 2019

RE:    City of Detroit Health Statistics

Has the Health Department produced the “Report on the State of Health of the City of Detroit?” Is there a seven member advisory commission for health? Please provide statistics on health issues such as cancer, diabetes, heart disease, asthma, and obesity. In addition, please provide me with information on where Detroit ranks compared to other municipalities in terms of all the above mentioned health issues.

Thank you.

Cc:    Honorable Colleagues  
       Hon. Janice Winfrey, City Clerk
