RE: BSEED PERMIT STANDARDS

Our office has been made aware of a request from Republic Waste requesting that the City of Detroit modify its previous permit which restricts and prohibits the type of waste they may collect. Republic Waste would like to have this request modified to allow for the acceptance of household waste and an increase to the amount of waste they may accept. Please prepare a response which provides the standards BSEED uses to grant or deny this type of permit modification.

If you have any questions do not hesitate to call my office at, 313-224-1198.
