“Right of Way” Permit

A Right of Way permit is required for any event that will use a portion of a street, ally or sidewalk. This includes the closing of an entire street or designation of curb lanes for special parking/no parking.

The City Engineering Department will review the request and recommend adjustments to the street plan. Clean up and/or other conditions will be communicated to you after your application has been reviewed at the Special Events Management meeting.

“Right of Way” Permit Costs

Right of Way Permits for Special Events cost may vary. Upon receipt of your Special Events Application, the City Engineering Department will consider the emergency vehicle access, parking and traffic congestion when approving your application.

Traffic Engineering: Who will close the street?

The applicant is responsible for closing the street with proper barricades and clear, concise signage for traffic detours. The City of Detroit requires a “Type 3” barricade for all closures. As part of your application, you will be asked to submit the name of the traffic control company you are hiring for managing closures/detours, along with the detail plan of where the barricades and signage will be placed.

Michigan State Highway Closures

After reviewing your application, the Office of Special Events will alert you if a MDOT permit is required and provide you with further information on how to apply for the permit. You will be responsible for hiring a traffic control company to manage the closure.

Route Description

A Street Closing Report must be included in your Special Events Application. It must provide a text and turn-by-turn description of your route from the start point to end point. The wording should utilize directions (N, S, E, W) as well as street names. A map attachment of your route is mandatory.

- It shall be the responsibility of the applicant to ensure that the tent is being operated and maintained in a safe manner in accordance with the permit requirements, including not exceeding the occupant load. Event organizers should take into consideration the scope of the event, the potential risk of injury or illness to participants and spectators, security needs, and emergency support required to help promote a safe and enjoyable event. Should a natural or man-made disaster occur, the event organizer(s) is legally and morally obligated to ensure that the necessary and appropriate actions will be taken to minimize harm. The Detroit Police Department stands ready to work with you to ensure that the necessary resources and personnel are available to help make your event successful. The Detroit Police Department and Detroit Emergency Medical Service Department will provide the requirements based on the uniqueness of your event.
