Thank you for your presentation. Please provide a detailed response to the following questions and concerns:

2. Please explain the rationale behind the inclusion of construction.
3. If the Department pivots towards construction, what can City Council and its residents expect?
  - a. Will the Department shift its focus from trash-out services as a mechanism of stabilization and investigate other stabilization techniques and methods to salvage properties?
4. How is the Department notified of properties that are deemed an emergency demolition?
